Rev. Behrens at the 10th anniversary of Faith Lutheran church, Tuesday evening, placed Family Service, now being organized in Mt. Prospect and Palatine, in the same category as Boy Scouts and Girl Scouts. He said they are all worthwhile and important to every community.

Family Service is greatly needed in these growing towns and the public should be prepared to give its support in the financial drive that will be held in March.

•

The religious life in this entire area has taken on new meaning since the recent evangelism mission services in which 16 Lutheran churches in the area participated.

The growth and position that Faith church occupies and its influence in Arlington Heights was clearly outlined by Dr. Hugo Kleiner, president of English district of the Lutheran church, who spoke at the anniversary dinner. Faith church has gone a long way in the 10 years of its existence.

•

Is the demand for parking revenue of the North Western railroad in the village of Palatine the forerunner of similar demands at Arlington Heights?

Evidently the railroad company means business and will not stand for further dilly-dallying over parking on railroad property. Negotiations in Arlington Heights and Palatine have been on the fire, but the fire is out.

The railroad is collecting $80 a week from the village of Mt. Prospect for use of a parking lot on its property.

There is no doubt that the good old parking days for commuters are nearing an end and it is the railroad that is ending it.

Palatine has a commuters' parking lot at 10 cents a day and only a few commuters use it.

•

The move by President Olsen of the Palatine village board to invite the opposition ticket to sit in on water discussions is to be commended. If all groups of candidates accept the invitation, it should take the problem out of politics at the forthcoming election.

An adequate water supply for Palatine is more important than the candidacy of any individual for membership on the village board. A delay until after election would be 2 wasted months.

•

We are sympathetic with the announced effort of the village of Arlington eights to withdraw from the sanitary district. However, we do not think such effort will be successful.

In the meantime, Arlington Heights taxpayers will be paying sanitary district taxes and getting nothing for it because the village board will not accept the district's offer to take over the operation of the treatment plant.

The offer of the sanitary district is being told the general public in this issue. The amount involved is so great that we are interested in the position that will be taken by the candidates of the three parties who are seeking election.

Will they sidestep the issue or support the suit that the village has authorized?

The village of Arlington Heights had the opportunity 2 years ago to solve its sewage treatment problem by joining the sanitary district. It decided to go on its own and issued a lot of bonds. Its decision at that time might have been a bad decision but it is now water over the dam.

•

The village of Arlington Heights is in a negotiating mood in the cost of street widening in the near business district. Persons who will not be financially affected have been allowed to talk at the public hearings and lead the opposition.

Shall they be allowed to hold up a much needed improvement, the cost of which will create very little, if any, hardship on the landowners? The county court at subsequent hearings will not allow them to participate. Why does the village board?

The village has eliminated Sigwalt street from the assessment. We believe it will go 80% of the way with the women on other streets who would be financially embarrassed by a full assessment.

Arlington Hts. Says 'No' To Sanitary District Offer

Arlington Heights will try to battle its way out of the Metropolitan Sanitary district of Greater Chicago, village trustees decided Tuesday.

Negotiations between the district and the village have apparently broken down after nearly 4 months. Since the village was annexed in a Nov. 6 referendum, it has unsuccessfully sought to have the district buy the present sewage treatment plant.

There is a large bonded debt on the existing plant and local officials point out that local taxpayers will pay both this debt and district taxes unless the district buys the plant.

The village board authorized its attorney to file a suit for a declaratory judgment, probably in Circuit court, to permit the village to withdraw from the district. Although Hugo Thal, village attorney, leaves for Hawaii Monday, outside legal help will be hired to prepare for the impending tiff with district lawyers.

A trustee said the village will attack the legality of the omnibus bill which the legislature passed permitting the referendum.

●●●●●●●●●●●●●●●

The village of Arlington Heights, which is now taxwise a part of the Metropolitan Sanitary District of Greater Chicago, can be relieved of the costs of the operation of its treatment works if it accepts the offer of the sanitary district.

In a communication delivered to President Albert F. Goedke this week, the district outlined the practical aspects of a changeover of sewage treatment plant operation from the village to the sanitary district.

* * *

THE LETTER states that the sanitary district, in anticipation of future handling of Arlington's sewage, spent several million dollars in the construction of an interceptor from Des Plaines through Mount Prospect to within 70 feet of the present terminus of Arlington sewer outlet and Weller creek.

It estimates that within 4 months after approval of the contract by Arlington, the present sewage treatment plant could go out of business. However, the district would reimburse the village for entire operating cost of the present plant since January 1, 1957. That cost averages $26,000 per year. A like amount is required for bond retirement and interest.

* * *

OUTLINING the situation, President Anthony Olis of the sanitary district referred to an agreement it is making with Palatine, which in turn, will benefit the area between Arlington Heights and Palatine.

"The extension of the Rand rd. interceptor," says Olis, "could be extended to serve areas in and adjacent to the east and north boundaries of Arlington Heights if such boundaries were part of the future expansion of the village and it was agreed that such an extension was necessary."

Referring to its agreement with Palatine, Olis adds, "This interceptor sewer (to Palatine) will also eliminate the use of a sewage treatment works in the Plum Grove Estates and the use of 2 lift pumping stations in Rolling Meadows."

* * *

ONE PARAGRAPH in the letter makes it plain that the sanitary district is not attempting to force its plan of operation upon Arlington Heights. It reads, "Permits for connection of (Arlington) sanitary sewers to this new intercepting sewer will be available to the village upon approval of the application, therefore, assuming that the village remain within the Metropolitan Sanitary District.

"Any subsequent increase of the intercepting sewer capacity to serve the village, if required, is entirely a Metropolitan Sanitary District responsibility."

Under added authority given the district by the 1955 legislature, Mount Prospect will secure relief from its acute drainage and sewage problem by the construction of relief sewers in that municipality. Its cost, $1,600,000, will be financed by a revenue bond issue. The bonds will be retired by the collection by the village of $2.25 a month from every household.

A public hearing on that project is being held today at the Chicago office of the sanitary district.

Dunton Court Lights Candle For Its First Anniversary

Arlington Heights' Dunton Court shopping center will celebrate its first birthday Friday and Saturday, March 1 and 2.

Although several of the stores opened more than a year ago and others later, the downtown shopping plaza held its grand opening at this time last year.

"Gifts and prizes will be the rule" promises one of the store owners and visitors are sure to be pleased by several of the special treats in store. For example, the Stagecoach snack shop will bring a team of 6 horses down from the Hawthorne-Mellody farm in Libertyville.

STROLLING from store to store to view attractive window displays, shoppers will be enticed indoors by free flowers to be given away and numerous prizes to be awarded.

Tops among the prizes are merchandise certificates totaling $300, to be awarded. They will be redeemable at any of the shops in the center.

Birthday gifts to be handed out include a photo of each boy getting his first haircut at Collins barber shop, 'Sacony Sue' trinkets at Heirs and Expectations; and free film at Harris pharmacy. Muriel Mundy, Dunton cleaners, Kenards shoe store, O'Bert's jewelers, Country Store Paint Co. and Olivo's beauty salon will aso participate in the event.

Lone Bandit In Daring Noon Raid

A masked bandit escaped with more than $200 cash in a daring daylight robbery of the Confidential Loan Service in Arlington Heights Wednesday noon.

Frank C. DeBerge, Sr., alone in the office, said the bandit made him open the safe and lie on the floor.

"Don't try to follow me or I'll fill the door full of holes," warned the young thug, dressed in dark clothing.

The loan company office is upstairs at 7 W. Campbell.

DeBerge, who lives at 1172 N. Beverly in the village, said this is the first holdup in the firm's 4 years at this location.

No one else was in the building at the time. He was ready to lock the front door when the bandit entered at 12:10.

He stuffed the money into an olive drab handbag and fled. Police Sgt. Raymond Jahnke and officer Irvin McDougall said no one saw him leave the building.

Goedke To Seek Fifth Term; 3 Parties To Vie April 16

Two more tickets filed statements of candidacy in the Arlington Heights village hall Monday, making a total of 3 parties which will compete in the April 16 village elections.

Latest entries in the political sweepstakes are the Peoples' party, with incumbent Mayor Albert W. Goedke at the top of its ticket, and the Home Service party, headed by Edward S. Jackson, chairman of the local zoning board of appeals. The mayor said this is the first time 3 slates have been filed, "as far back as I can remember anyway."

Earlier this month the Caucus party filed a petition. Its candidate for president is former trustee Edward G. Carlisle.

Running for trustee vacancies on the mayor's slate are C. L. (Les) Griffith, a village trustee from 1939-47, William F. Hessler, a member of the plan commission for 2 years, and Floyd E. Burns. The party did not slate any candidate for village clerk.

Seeking 4-year terms under the Home Service banner are trustee candidates Leo J. Mueller, a plan commission member for the past 2 years, Daniel W. Senne, a well-known retail merchant, and Walter C. Kehe.

More detailed information on each candidate is given in accompanying stories.

WM. F. HESSLER

MRS. ANDERSON

WALTER KEHE

LEO J. MUELLER

C. L. GRIFFITH

DANIEL SENNE

HOME SERVICE PARTY

Mayoralty candidate Edward S. Jackson, 38, is an attorney and trust officer employed at the Central National bank in Chicago and a member of 3 bar associations.

* * *

HE AND HIS WIFE and 2 children have lived at 645 S. Belmont since moving to Arlington Heights in September, 1953. Although this is his first bid for elective office, he has presided over zoning hearings for 2 years as chairman of the zoning board of appeals.

Daniel W. Senne, 42, a local resident for 10 years, is managing partner of the Emerald shop, temporary chairman of the Heart of Arlington Heights council and a Lions club member. A veteran of World War II, he and his wife live at 416 E. Park st.

The 2 other candidates for trustee on the Home Service slate are Leo J. Mueller and Walter C. Kehe.

* * *

KEHE IS 33 years old and a supervisor in the shipping and receiving department of Continental Can Co. in Chicago. He is also affiliated with Kehe Motor Service. He was born in the village and lived here all his life except for military service. Kehe is a former volunteer fireman and member of the Veterans of Foreign Wars post. He and his wife and a son reside at 923 N. Walnut.

Leo J. Mueller, 50, has served on the plan commission since October, 1955. He lives with his wife and 2 sons at 110 S. Vail since moving here more than 6 years ago. He is an assistant secretary at the Northern Trust Co., a Chicago bank. Mueller said he has worked in the Scouting movement. He is an admitted "political novice."

* * *

THE SLATE'S CHOICE to run for village clerk is Mrs. Eleanor M. Anderson, a widow residing with her 2 children at 717 N. Beverly.

Her background includes employment as a cashier and church work but along with other members of the ticket, she has not run for office before.

EDWARD JACKSON

Davis Will Not Seek Re-Election

Village Trustee Forrest F. Davis announced Monday that he will not be a candidate for re-election after all.

* * *

DAVIS SAID he had anticipated being a candidate only if necessary, in his judgment, "to form a good slate of candidates."

He added that "I really was not an eager candidate, having declined at least 2 opportunities." (Davis said he was not referring to the Caucus party).

"I certainly wanted to create interest in the village election," remarked Davis. "However, having been rejected by the Caucus party, as pointed out by their chairman in last week's Fence Post, the decision to refrain from running was simple. So I will take a vacation from the local political arena."

* * *

DAVIS' REPLY to the Caucus statement is reprinted elsewhere in this first section of the Herald.

In expressing appreciation to citizens who encouraged him to seek re-election, Davis said: "I enjoyed serving and I believe my forthright stand on any and all issues served the best interests of residents here. That is democracy at its best."

PEOPLE'S PARTY

Village President Goedke, 66, will seek his fifth consecutive 4-year term. He was first elected in 1941 after previously serving 8 years on the board commencing in 1928. The mayor retired from his plumbing contracting business about 5 years ago.

* * *

A CHAMPION vote-getter, Goedke holds all records for length of service as elected head of the village. He has lived here for most of his life, for many years at 220 W. Wing.

William F. Hessler, 43, is making his first try for elective office. He is a civil engineer employed in Chicago for the Illinois Beli Telephone co. He is married, has 1 son and resides at 1118 E. Northwest hwy. He has been a member of the plan commission during 2 of his 5½ years residence here.

Floyd E. Burns, 55, of 514 N. Ridge, owned and operated an auto service business in Arlington Heights for 20 years and is now interested in real estate, he said. He is married, has a son in college and a married daughter and is a resident of 30 years standing. A friend said he has been active in a local service organization.

* * *

C. L. (LES) GRIFFITH, 64, a partner in an insurance agency with his son, described himself as an "old-timer," said he had moved here in 1928. He is married and 3 of his 4 sons reside locally.

Griffith, who lives at 1104 E. Northwest hwy., was a member of the village board from 1939-47, is a past commander of Merle Guild post of the American Legion and is active in the Lions club.

Being "foster mother" to garments while in transit from the maker to you is an interesting experience.

Like any other foster mother, we, too, have our favorites.

Last week, while on the West Coast, we visited with the makers of several lines to learn more about their garments—Perhaps, to learn why we take so much pleasure in featuring them.

The Pendleton Woolen Mills in Portland was one such port of call.

In a lobby display case is a Pendleton blanket with a small note saying, "For the Shrine Hospital." Already, the warmth of this company was meaningful to us.

In talking with Mr. Robert C. Bishop, Pendleton's vice president, we felt much of the sincerity that must have been expressed in that first logger's shirt which started Pendleton on its way.

We could almost hear the Washington and Montana sheep as he talked about the virgin wool. And we could visualize bouncing spring lambs as he discussed colors and styles.

We also talked with people who worked in the mills and we couldn't help feeling some of their excitement about the material and the garments they were making.

Perhaps it is this same feeling, carried into the product in terms of style, colors, quality and material, that makes our personnel some of our best Pendleton customers.

But you have to see Pendleton products to appreciate them.

COME IN THIS WEEK.

Village OK's Widening Of Three Southside Streets

Widening of 3 south side streets was approved by Arlington Heights board of local improvements Tuesday, after Sigwalt st. was crossed off the list.

Sigwalt was to be widened by special assessment between State and Highland.

It was dropped on a motion by board member James E. Millay, and it was explained that the village will attempt to do the same job but pay for it with state motor fuel tax money rather than assess adjacent property owners.

* * *

STREETS LEFT in the program, all to be widened as far south as Sigwalt, are Evergreen and Vail, to be 48 feed wide, and Highland, to be 38 feet.

Before Sigwalt was deleted from the project, its cost was estimated to be $207,511.

The price tag will drop below $200,000 with the omission of Sigwalt and so no further public hearings will be necessary before the measure comes up before the village board for final approval.

ANOTHER PUBLIC hearing will be held at 7:30 p. m. March 11 for the north side improvements, however.

A second hearing is required for special assessment jobs costing over $200,000.

The south side project passed with only 3 votes, member Frederick being absent and Mayor Goedke passing.

Tuesday night's meeting was continued from last Thursday. At both sessions there were no objections to widening, some disliked the inclusion of Vail and Highland, others asked that the entire cost be met from village funds.

* * *

VARIOUS FEATURES of the program met with disapproval from, among others in the audience of 50, Victor L. Bedingfield, 612 N. Dunton, Chester A. Zimmerman, 105 S. Vail, and Fred W. Walters, 415 E. St. James.

On the other side, Rolland A. Franzen, 819 S. Beverly, an attorney and officer of the Arlington Heights National bank, favored the program "as a businessman, a member of the chamber of commerce and one who has paid special assessments."

Another benefit was claimed for the proposal by a planning engineer for Evert Kincaid & Associates, a Chicago urban planning firm. He said it would tend to raise downtown proptrty values generally, pointing out that the lack of an industrial tax base in the village makes a "healthy downtown a necessity.

$500 Saved This Marriage

By Paul E. Collins

"Why save?" is a question that reflects the inflationary trends everyone is concerned about these days. Nobody wants inflation. But few average persons realize what they can do to help stop it.

I chatted recently with a young man who had just drawn $95 from one of two accounts he and his wife hold in the Arlington Heights Federal Savings and Loan Association.

The curious thing about the account from which he had drawn is that in four years it has stayed right at $500, except for periodic withdrawals. After each withdrawal it has gradually returned, through dividends and deposits, to the $500 level.

"Let me tell you about that account," this young fellow said. "It's been our lifesaver. Not just financially. It's saved our marriage."

He explained that he and his wife were wed soon after the last war, upon his return from service. After several years, they were so deep in installment paying and so pinched for cash that the mere mention of money started a fight.

"I'd have the paycheck all cut up to pay this and that installment account and squeeze us through till I got the next check. Then she'd tell me that Johnny needed new shoes or jeans—and I'd blow my top. Just a few bucks were enough to keep me on the ropes."

"We're Acting like Babies"

It wasn't until they realized their marriage was in danger that they sat down one night and intelligently analyzed the situation.

"I don't do too badly as a wage earner—as well or better than the next guy, I guess. But that's not the problem. Everybody's doing fairly well these days.

"The trouble," he explained, "is that most of us are acting like babies. We cry for everything we see somebody else has. And we gotta have it right now. Can't wait. So we go in hock some more."

Their solution was not to buy another thing that they could possibly do without—until they had accumulated a savings account of $500. Then they would use this money for whatever they wanted—a new vacuum cleaner, a new television set— provided they brought the account back to $500 before they made the next purchase.

"You'd be amazed at what it's done for us," the young man told me. "Oh, we hassle occasionally now about whether to get this thing rather than that. But there's none of the desperate sheriff-at-the-door situation that drives a man crazy. Now that we've cured ourselves of the hypnotic spell of 'nothing-down-nothing-to-pay-for-60-days', we're not so stupid and childish about craving for everything we see.

"You Get Sensible about Money"

"Once you get the cozy feeling of a savings account, it makes you more relaxed. You're not so ready to throw money around or put yourself in shackles for months and years ahead. You get more sensible about your dough. You get the saving instead of the spending habit. It's a wonderful feeling. It's the reason for our second account. We hope there won't be any limit on that one! That's our 'savings' account.

"Another thing that started us on this $500 idea was the realization that our old way of buying things was actually costing us 15% to 20% more—for carrying charges alone! This is aside from the extra dividend our money's earning for us when it's in a place like Arlington Heights Federal."

I thought this fellow had a pretty good answer to the "why save?" question. He certainly won't be responsible for future money shortages and their inflationary dangers.

(First of a series of articles by Paul E. Collins, executive vice president of the Arlington Heights Federal Savings and Loan Association. The next will appear in an early issue.)

This Week with PTA

Election Results

Officers for the coming year were elected at the February PTA general meeting when the slate presented by the nominating committee was unanimously elected. Taking office in May will be Mrs. Robert Schultheis, president; Mrs. Lester Ploetz, first vice president; Mrs. John Lindstrom, second vice president; Mrs. Robert Wallace, secretary, and George Harris, treasurer. Mrs. Lindstrom and Mrs. Wallace are both presently serving in the offices to which re-elected.

Winter Revue

There was no empty space when the PTA Limited pulled out last week. More than a thousand people attended the talent revue to enjoy the theatrical artistry of friends and neighbors. The story, imaginatively written by Jane Miller, who also directed it, wove a light and airy fabric of continuity, tieing the song and dance numbers together in an altogether charming package. Such a production can never be anything but a team effort and there are many members of it deserving of grateful acknowledgment. Lacking space to list the names of all of them, Marge and Dick Down, Chairmen, can pass on our sincere thanks.

General Meeting Notes

Boy Scouts of troop 57 posted colors, Rev. George Kincheloe gave the invocation and the meeting was underway. In one of her rare opportunities of presiding over the group she has so ably led for the past 2 years, Mrs. Howard Froyd, president of the PTA, gave a brief resume of the association's accomplishments this year, and discussed, in general terms, some of the future objectives not yet achieved.

A feature of the evening was a dramatic tribute to the founders of the PTA, written by Mrs. Jack Hosford, first vice president. Mrs. Kay Hawley played the part of Alice McClellan Birney while Mrs. Ruth Raasch played the part of Phoebe Apperson Hearst. Heavenly music for the celestial drama was provided by the women's chorus. Ending on a Brotherhood theme, the skit provided a graceful introduction for the subject of the evening, "Childhood, the Natural State of Brotherhood" by Francis W. McPeek, executive director of the Chicago Commission on Human Relations. McPeek reviewed some of the forces creating the social pressures that are both the cause and the effect of prejudice, and stated that human relations is the "Number 1 problem of the county." It is not limited to the city but it extends out into the finest of suburban areas. Education and understanding in large quantities will be required to meet the challenge of living in fellowship with increasing numbers of nonwhite citizens.

Circle March 7

The exceptional child study group will hold its third meeting of the year Thursday, March 7, at 8:15 p.m. in the cafeteria of the Junior high school.

Subject for discussion will be the physically handicapped child. Mrs. Olga Klepper, who is active in the Wheeling School for Blind, will discuss the education of the sightless child. Mrs. Genevieve Drennan, state consultant for education of the educable children of impaired hearing, will discuss the education of the deaf child.

A general discussion of these phases of education will follow the formal program. Everyone interested in work of this study group is invited to attend.

Book Fair Coming March 16

"It is time to buy a book!" is the theme for this year's annual PTA book fair. The time to buy a book is between 10 a.m. to 4 p.m., Saturday, March 16, at the Junior high school gymnasium.

Hundreds of books will be on sale, books of all sizes and prices for all ages, books of endless variety, books that can answer questions, books that can satisfy curiosity. There will be books on science, nature, adventure, humor, mystery, grooming, fiction, non-fiction and many more.

Perhaps more important than the number of books available or the scope of the subjects covered is the fact that all these books are carefully chosen by experts as suitable for children of various ages. Landmark Books, which have proven very popular in past years, will again be available, as well as books from the Winston Adventure series...and there will be an ample supply of Golden picture books for the younger set.

Let natural curiosity lead your child down the golden road of adventure and knowledge. (A

High School Officials Cite Family Service Need

School authorities in Arlington Heights are looking forward to the day when the Northwest Family Service agency can fill a gap in counseling services here.

The schools are able to work directly with students who have personal or emotional problems they can't handle alone. But frequently the cause of the situation which concerns the school lies in a family problem beyond the reach of school counselors.

The Northwest Family Service agency, now being organized by 7 communities in this area, would offer professional help not available to Arlington Heights residents from any other source. The concept of a community - sponsored counseling service has won approval from ministers, law enforcement officers, physicians, attorneys, and educators.

"The population of this community has doubled in the last 5 years," says H. L. Slichenmyer, superintendent of the township high school. "Projected figures indicate that a tremendous rate of growth is still ahead for the community and its environs. One of the integral resources in urban and suburban communities should be agencies which offer help to that fraction of the population confronted with incapacitating personal and emotional problems.

"Many of our residents have been obliged to sever family and neighbor ties which formerly helped them with their problems. Such institutions as churches and various fraternal and social organizations have grown to the point where membership has lost its intimacy.

"I think of this agency as a neighborly institution — with professional overtones, of course — in keeping with our community's motto of 'City of Good Neighbors.'"

ANOTHER high school official who would welcome a Family Service agency to help him in solving some difficult problems of discipline and attendance is Dean Nelson Lowry.

"Many of our students' attitudes toward authority are culturally oriented," Lowry says. "The parent who has not resolved his feelings about authority is hardly able to help his children conform to the school's rules and regulations.

"We are not equipped for direct work with parents, and I wish that we had an agency which was so equipped."

JOHN STRONG, a counselor at the high school, sees direct benefit to the school from a Family Service agency: "Adolescence is a time of special stress, and frequently problems in family relationships arise. The student tends to re-create and act out these conflicts in the school setting.

"We can offer help to the student, but its effectiveness is somewhat limited unless the parents can modify their attitudes. It is not our role to work directly with parents. If we had an agency, its help could be offered to the parents while we endeavor to help the students." (ACM

The community is invited to attend the plays for which there is an admission charge. (A

Legion Auxiliary To Hear Talk On Family Service

The presentation is one of many currently being made by the Northwest Suburban Family association to civic, service and other groups preparatory to its organizational campaign next month. (A

UNANIMOUS APPROVAL and support for the proposed family service agency in northwest suburbs has been extended by Arlington Heights clergymen. Shaking hands with family service treasurer William Griffith of Arlington Heights is Rev. J. G. Meiners. Looking on are Rev. John P. Petersen and Rev. Paul Stumpf.

Set Registration For Kindergarten At Wheeling School

Registration for the 1957-58 term at Wheeling Community kindergarten will be held March 7 from 8 to 9 p.m. in Wheeling school.

A $5 deposit will be required. **TUITION** will not exceed $10 a month and include bus transportation. Organization of the school, budget, and any questions will be discussed by the planning committee at the meeting.

Interested parents have been urged to attend this registration session because it will be closed as soon as classes are formed.

A Statement Of Policy

The publisher of Paddock Publications this week announced the newspapers' editorial policy in handling news releases for the approaching April village and township elections.

All articles submitted to the newspapers for publication in the news columns will be subject to editing. The publisher and editors reserve the right to refuse to publish any political release which is not succinct, factual, and limited to specific campaign issues.

The primary function of a newspaper is to keep its readership informed. In meeting this responsibility, Paddock Publications will provide its readers with thorough, objective, pertinent coverage of all township and village elections.

The bulk of political reporting will be handled by Paddock's professional editorial staff, and thus the publications will print only a minimum of "canned" political propaganda.

Register Now For Parent Education

Registration for Parent Education Week at Arlington high school is being held this week. All parents or interested adults who wish to take part in the Week's activities are urged to contact the high school today or Friday.

Those registering will visit the school one day, March 5-8, and see regular afternoon classes in session. The program will start with a 45 cent luncheon and guided tours through the building. The visitors will be able to visit classes of their choice the sixth and seventh hours.

Bruno Waara, chairman of the faculty committee, reports that so far registration has been encouraging. Many more parents are expected to take advantage of this opportunity to observe in the school.

Round 'n About Westgate

Westgate Community Association

The February association meeting held last week brought out the 4 newly elected officers and 20 other interested residents of Westgate. It was a disappointment to all at the lack of response shown. The next meeting March 20, will boast a program under the direction of Ken Purcell. With most of the headaches of organizing over, meetings will be interesting, with business being secondary in connection with committees and their problems. Refreshments will be served starting with the March meeting.

At a recent board meeting the officers and district representatives groped with the problem of obtaining members to serve on civic affairs, publicity, membership, social and financial committees. To date the following people have volunteered to serve: civic affairs - Jay Vork, George Rudolphy, Jim Blocki and George Knight; publicity - Tony Van Bladel; social - Joyce Akerlund. Eight or more members are needed to serve on each committee with the exception of the financial committee. Volunteers are needed and should contact any officer or district man for further information.

Wally Aagaard suggested the need for a safety committee. With spring around the corner, there will be the problem of children playing in the street. While this is next to impossible to stop, it was suggested that parents of the younger set take steps to control their playing in the street. They seem oblivious of danger and even defy motorists. Speeding throughout the streets is much too frequent and residents are asked to obey the 20 mph speed limit. Attention was also called to the fact that a stopped school bus cannot be passed from any direction. This law is reportedly violated in Westgate.

Mrs. Jay Vork, 415 Yale, displayed the new booklet "Presenting Arlington Heights - City of Good Neighbors," collected and compiled by the League of Woman Voters. This booklet required much time and research and was necessary in order for the league to obtain their charter. Booklets are available at a small charge by calling Jay, CL 5-0018.

Heart Fund Drive

Westgate residents opened their hearts Sunday to support the Heart fund. Mrs. Elaine Maley, 305 Reuter, captain for Westgate, reported that she and her workers collected $189. Elaine served cake and coffee to the girls after completion of the collection.

Happy Birthday

A family birthday party was held Sunday for Lesley Laura Czerney, who celebrated her first the daughter of Joyce and John Czerney, 1605 W. Fremont.

A luncheon was given by Aquinas Powers and Betty Frank of Reuter ave. for Jenny Huff last Wednesday in honor of Jenny's birthday, February 22. Guests at the luncheon were Celeste Switalla, Esther Fortner and Gwen Kadlecik.

A birthday luncheon was held for Michael O'Dea, who became 3 February 6. Sound movies and prizes were enjoyed by Denise Maley, Mary Mell, Katherine McPhail, Mary Barbara Rice, Pam McClanahan, Pam Graczyk, Shelley Hicks, Jill Wendt, Mark Rice, Bard and Rickey Hebard, Michael De Zonna, Jack Wendt, David Timson, Jamie Hawkes, Chuckie Kenny, Brian Schreen, Jeff and Dana Manthos and Raymond Thorsen, Michael's grandmother, Mrs. Violet O'Dea of Omaha, was here for the birthday celebration and a 5-day visit. Michael resides at 301 Reuter with his parents, Bari and Pat O'Dea.

Thank You

Robert Herigodt, 1513 W. Fremont, secretary and treasurer of pack 130, reports that Vernon Hagenbring and Leo C. Reuter have both made substantial contributions to the new pack. (A

variety....

*...“THE quality of being varied; diversity.” That’s Webster’s definition. William Cowper, an English poet of somewhat ancient vintage, once described it as “the spice of life.” Here in the Northwest suburban area, HEART OF ARLINGTON HEIGHTS variety is becoming the “spice of shopping.” How come?

Well, take a look at our names in the column at the right: six of us handle women’s clothing, five deal in children’s clothing, three in men’s furnishings. There are three hardware stores, three places where you can buy paints and wallpaper. There are two bakeries, two drug stores and two television and electric appliance shops. And there’s more – jewelry stores, food stores, home furnishings, toys, etc. This is HEART OF ARLINGTON HEIGHTS – style variety with something else important added: Choice. If one store doesn’t have it, chances are you’ll find it next door, across the street or just down the block.

We don’t have any “exclusives” here in the HEART OF ARLINGTON HEIGHTS, and there’s no sense driving 30 miles to look for competitive values. It’s all here, where you live – and where we hope you’ll be shopping soon... in the...

Forrest Davis Replies To Palmatier Letter Jan. 31

(Village Trustee Forrest Davis has prepared the following reply to a Fence Post letter published in last week's editions.)

Some statements by Francois Palmatier, chairman of Arlington Heights Caucus in last week's newspaper, were so misleading that a reply is in order.

It is obvious that he deals in personalities rather than in issues. Here is the exact statement which seems to have given Palmatier some pressions, published January 24 on the front page of the Arlington Heights Herald:

Forrest Davis revealed: "Upon invitation from the political party recently formed and publicized, I have submitted a reply to their screening committee's questionnaire, indicating that I am an available candidate. Davis added, however, that while he subscribes to the basic principles outlined by the group, it would not preclude the possibility of joining another group of similar character."

Now, there is no misrepresentation in that statement! Breaking it down, I labeled the Caucus as being a political party; and I stated I would run with another party if I chose to.

One of the screening committee members, Frank Cowan Jr., told me that I was one of several possible candidates on a "preferred list who were being contacted in person while others were to receive letters to determine if they were interestd in submitting a reply to the screening committee's questionnaire.

* * *

WHEN I REPLIED that I would, he immediately delivered a questionnaire to me. Now, wasn't that an invitation, exactly as I stated?

I categorically deny that I ever said I would run on the Caucus platform as publicized in the Caucus story the following week January 31.

Immediately upon reading the statement, "Davis said he would run on the Caucus platform if selected, or perhaps with another party, if one is formed," (2 days before the caucus selections were made known to me or anyone else to the best of my knowledge), I issued a statement to the editor of the Arlington Heights Herald. The statement was published the following week that 'I would not run with the Caucus if selected.'

THIS CAUCUS is just as offensive to me as to many other people in Arlington Heights. It will be interesting to note what reception the voters wil give this particular Caucus deal. I am frank to admit my opinion "that few, if any of the screening committee are qualified to screen either myself or another candidate for public office."

The combined years of residence of several of the screening committee would not equal the years I have spent in public office in Arlington Heights, 12 years as village clerk and 2 years as village trustee, totaling 14 years. I do not challenge their sincerity nor the honest effort some of them were making, however.

I respectfully suggest that some direct answers be given the people of Arlington Heights, and this appeal is directed to the chairman of the Arlington Heights Caucus, Francois Palmatier so that all may know the facts rather than impressions.

1. Who screened the screening committee; and who appointed them?

2. Name the "30 Citizens" who hatched the Caucus deal.

3. Clarify the statement of "office seeking the man" if it be true that the Caucus candidate for village president was one of the founders of the Caucus.

4. How many of the original 8 or 10 founders of the Caucus have not been active in local politics here at village level?

5. Name anything you can in the Caucus statement of principles not already accomplished or in the process of being accomplished.

* * *

6. TELL THE people some good reasons for rejecting Bishop or Davis.

7. Explain how any non-partisan screening committee could judge better than the 2439 voters who approved Davis 2 years ago.

8. Tell the people why they were wrong in repudiating the candidate heading your ticket 2 years ago; and explain how you know what is best for them now.

Or should we face the fact when the political pot begins to boil, it is almost always the same old applesauce being warmed over. (A

Senne Tells Why He'll Seek Office

Dan Senne, Arlington Heights businessman, this week announced his candidacy for trustee on the village board with the following statement:

"I have agreed to become a candidate for village trustee only after the appeals of many individuals and then, only after much careful thought.

"Primary in my consent to run in the April elections has been the sincere feeling that as a merchant, I had no less responsibility to offer my time and abilities to local Village administration, than does any other taxpayer.

"I do not hold to the feeling that a merchant is exempt from such service, or that he must refrain from it out of fear of economic sanctions. In fact, my consent to run is partially in answer to those who have criticized the local business community for not participating to a greater extent in village government.

"I enter the local political scene without prejudice, without selfish interest, and without the usual crystal ball, but certainly with the sincere industry and willingness to serve the community of interests that is the village, to the best of my abilities if so charged by the voters." (A

Field Mouse Makes Boy Into Aspiring Buisinessman

There is an aspiring businessman who lives out in Westgate, reports one of Paddock Publications many women neighborhood correspondents.

She told of him in her local column but for those who don't live in Westgate or read about its modest doings, here is the tale:

* * *

MRS. RAYMOND J. Herda of 243 N. Yale was brought up short one day recently when her son came running in to say he had been bitten by a field mouse. Son Ray was hustled to the doctor, though it was a Sunday, and a tetanus shot administered, just in case.

Ray, nursing a sore finger from the bite and a sore arm from the shot, wasn't particularly concerned about the expense connected with the trip to the doctor's.

After all, hadn't he made 15 cents showing the mouse to the neighborhood kids before he was bitten? (AF

Social Security Creates Household Help Dilemma

by JULIUS BERMAN
Northwest District Manager
Social Security Administration

Prosperity is wonderful, they tell me; on my government salary I haven't had much of a chance to find out for myself what it's like.

But for some people, they also tel. me, prosperity creates grave problems. Like the lady who telephoned the other day to find out if we knew of some elderly person who might want to do housework.

Seems that for years she had 2 women working for her, 2 days a week each. One was a laundress and the other a cleaning woman. The cleaning woman's husband had been quietly piling up overtime pay for a number of years. Recently he bought a home with it. Then he got promoted to a supervisory job. Now the cleaning woman stays home and has the laundress working for her.

* * *

A CALIFORNIA engineer figured that he could beat the domestic-help shortage. He devised electric and electronic gadgets to do just about every chore in his household. When he had finished, however, he found that he hadn't accomplished a thing — he had to hire two men full time to push the buttons.

Lately, a few of those who have been fortunate enough to beat the household help shortage have told me something else. And their voices have been angry in the telling.

"No," they admit, "I didn't report what I paid Clara. I didn't file social security tax returns on her. She told me she wouldn't work for me if I did — and you know how hard it is to get help."

Or: "I didn't know I was supposed to report her earnings. Why wasn't I told?"

* * *

THE FIRST GROUP is angry—not at me, but at their "Clara"—because they entered into a conspiracy and then were double-crossed. Clara, for reasons best known to herself (and perhaps divined by you) didn't want "the government" to know she was working. But when she reached 62, or died, it was another matter.

Then she, or her survivors, wanted—and quickly—the retirement or survivors benefits that were due, and a claim was filed. When the wage-record showed a blank, investigation began. And guess who got soaked with tax and interest and penalties. Not Clara, because reporting is the employer's responsibility under the law.

I'm not quite sure at whom the second group is angry, but I think I know why they're angry. It's because no one sympathizes when they ask why they weren't told. Beginning with the time the law was changed to include domestic help, there has been a flood of information about it—on radio, on television, in newspapers, magazines and pamphlets. And the flood hasn't subsided yet. It isn't that they weren't told; they just weren't listening.

* * *

NONE OF YOU, I hope, belongs to either of these "clubs." But if you do, the best time to resign is right now. If you have a cleaning woman or other domestic helper, and if you pay her (or him) at least $50 in cash wages in a three-month calendar period (and that averages less than $3.85 a week), you are required by law to file social security tax returns.

If you don't know exactly how to go about it, or where to get the forms, or what the current contribution rate that you must withhold and pay amounts to, telephone me at KIldare 5-8844. Don't hesitate, even if you've been "delinquent." My aim is to spare you grief, not bring it to you. Or, if you prefer, ask us for pamphlets number 5 and 21. A post-card request to 'Social Security, 4255 Milwaukee Avenue, Chicago 41, Illinois,' will bring those pamphlets to you by return mail. There's no charge.

And we won't tell a soul. (B7

Landowner Appears Before Zoning Board For 3rd Time

The owner of a tract of land between Euclid ave. and the Chicago and North Western railway will try for the third time to have it rezoned by the Arlington Heights zoning board. A hearing is set for March 18.

Twice last year the zoning body rejected rezoning of the tract for business. This time the owner, Arthur F. Thiersch, 1108 W. Euclid ave., will ask that part of it be rezoned for business and part for multiple dwellings. The piece, about 4 acres in size, is now zoned for farming.

* * *

A GROUP of nearby residents, led by Joseph J. Hohmann, 1007 W. Euclid ave., twice waged stiff fights against rezoning. The village board granted Thiersch a second hearing because he was not represented by legal counsel at the first.

Thiersch at the earlier hearings said he had no definite plans for development of the land, formerly a part of the Fessler farm.

..but why - when ELECTRIC dryers cost so little, are fume-free, fast and thrifty!

Just 6¢ will dry a big load electrically!

One of the wonderful things about having an *electric* dryer is that your clothes come out as fluffy and sweet-smelling as if you'd had them in the sun all day.

No musty basement odor. No fumes. Just clean, dry, radiant heat—like the sun gives.

All electric dryers are fully automatic (a good deal more dependable than the sun). Fast, too. You can dry a load of cottons in 25 to 30 minutes—and for only 6¢ worth of electricity!

You'll notice that all the "no vent" dryers are electric. Heat, lint and moisture just disappear down the drain. Your laundry area stays clean, dry and comfortable.

Why not see your electric appliance dealer?

Public Service Company

Big Saving—ask your dealer about our Share-the-Cost Installation Plan. It's the low-cost way to get the modern 100-amp home wiring you need for today's electric living appliances. The Plan is available to qualified home owners on terms up to 2 years

If you own an electric range, you save up to $25 on a new dryer! In fact if you have any 240-volt appliance your home probably has modern wiring already. This means the complete, installed price of your new electric dryer will be less than *any other kind.*

SECTION 1. That a local improvement shall be made in the Village of Arlington Heights, County of Cook and State of Illinois, the nature, character, locality and description of which local improvement is as follows:

That the roadway of NORTH VAIL AVENUE from the north edge of the existing pavement in NORTHWEST HIGHWAY to the south street line of WEST EASTMAN STREET; the roadway of NORTH DUNTON AVENUE from the north edge of the existing pavement in NORTHWEST HIGHWAY to the south edge of the existing pavement in ST. The details of the limits of the improvements, dimensions and positions of the various units of construction, shall be as shown on the drawings attached hereto and made a part of this ordinance, which drawings are entitled "VILLAGE OF ARLINGTON HEIGHTS STREET IMPROVEMENTS, MFT Sec. 19.2 CS," consisting of twelve (12) sheets, and a copy of which is on file in the Office of the Village Clerk in the Village of Arlington Heights. In the event of any variance between the descriptions contained in this ordinance and said drawings, said drawings shall govern.

The specifications governing the various portions of the improvement are the standard specifications for road and bridge construction adopted by the Illinois Division of Highways January 2, 1952, and supplemental specifications effective July 1, 1955, which specifications are on public file in the Office of the Village Clerk of the Village of Arlington Heights, and are by reference made a part of this ordinance.

Whenever in this ordinance the expression "Type A," "Type B," "Type 1," or similar expressions or terms are used and appear herein they refer to items similarly designated and specifically set forth in detail in Standard Specifications of the Illinois Division of Highways.

The grades and elevations of all parts of the improvement shall be as indicated on said attached drawings. All elevations are given in feet and decimals thereof above Village Datum. Village Datum for the purposes of this Improvement is hereby fixed and established as a level plane one hundred (100) feet below a chipped square on the concrete step at the east entrance to the Village Hall at Davis and Wing Streets.

The necessary grading shall be done so that all new curbing, gutter, sidewalks, driveways and pavement widening shall be constructed to the elevations shown on the drawings hereinbefore described and shall include all cuts, fills and all earth, or rocks or other material to be moved, and the removal or relocation of all obstructions in the line of the improvement, where such work is necessary for this improvement.

The subgrade shall be brought to the proper form and grade and shall be brought to a firm compacted surface by rolling, tamping or other suitable means. All soft and spongy spots and all organic matter shall be entirely removed from the subgrade and the space filled with gravel, broken stone or other suitable materials. All surplus excavated material shall be removed from the site of the improvement.

Upon the prepared subgrade there shall be constructed the new reinforced Portland cement concrete pavement widening slabs, gutters, curbing, sidewalks and driveways. These Portland cement concrete items shall be constructed in conformance with the provisions of the Standard Specifications for Road and Bridge Construction, aforesaid.

All separate pavement widening shall be constructed of Portland cement concrete slabs with a uniform thickness of eight (8) inches, with welded steel wire mesh reinforcing, as indicated on said drawings.

Where the pavement widening on either side is less than six (6) feet ten (10) inches, a concrete curb shall be constructed which is integrally connected with the concrete pavement. Where the pavement widening is six (6) feet ten (10) inches or greater, a separate combined concrete curb and gutter shall be installed which shall be fastened to the pavement widening slab with steel tie bars.

Pavement contraction joints made of 18 gauge steel plate and provided with one (1) inch diameter steel round, smooth dowel bars, shall be placed transversely in the concrete pavement at intervals not to exceed one hundred (100) feet.

After the placing of the new Portland cement concrete pavement slabs, the existing bituminous pavement adjacent thereto shall be reshaped and resurfaced as indicated on the plans by the addition of bituminous concrete material so that the finished cross section shall correspond with the shape, position and elevations shown on the attached drawings.

That portion of the existing pavement which is to be reshaped or resurfaced, shall be first swept clean with a power broom. Upon the cleaned surface there shall be applied, through a pressure distributor, a prime coat of liquid asphalt at a rate of one-tenth (0.10) gallon per square yard of surface. Bituminous concrete, Sub-Class I-11, conforming to the specifications for Road and Bridge Construction, aforesaid, shall then be placed and compacted upon the primed surfaces. A binder course of varying thickness and/or uniform one and one-half (1½) inch thickness, shall be placed on all parts of the surface to within one (1) inch of the finished cross section. A surface course compacted to a thickness of one (1) inch shall then be placed to bring the cross section up to grades shown on the attached drawings.

Existing sidewalks shall be widened and new carriage walks of thirty (30) inch width be constructed with a minimum thickness of five (5) inches in conformance with the drawing attached hereto. Existing sidewalks disturbed or damaged by the construction of the new pavement, curbing or drains, or by other items of construction, shall be replaced as shown on the attached drawings with a new Portland cement concrete sidewalk having a thickness of five (5) inches.

Existing driveways disturbed by the construction shall be replaced, as shown on the said drawings, with new Portland cement concrete driveways having a thickness of six (6) inches.

Bituminous expansion joints having a thickness of one (1) inch shall be placed between sidewalks or driveways and new curbing wherever the sidewalks or driveways and the curbing are in contact. Bituminous expansion joints, having a thickness of one-half (½) inch, shall be placed wherever the sidewalk is in contact with power poles, lighting standards, hand holes for underground electrical conduit or any other rigid object.

Storm water inlets and catch basins with open lids shall be constructed at necessary points as shown on said drawings to receive surface water from the gutters. Each inlet shall consist of a concrete base, concrete block masonry sidewalls and cast iron frame and open grate. Each catch basin shall consist of a concrete base, concrete brick masonry, on concrete masonry sidewalls, cast iron frame and open grate. These drainage structures shall be connected to the existing sewers by means of a reinforced concrete culvert pipe having an internal diameter of eight (8) inches as shown on said drawings. Wherever possible, existing connecting pipes shall be used.

The trenches excavated for such pipes and all new catch basins and inlets shall be backfilled with Trench Backfill as set forth in said Standard Specifications. Proposed and existing catch basins that do not receive surface water directly from gutters shall be equipped with closed covers as shown on the plans.

All existing manholes, catch basins and water valve vaults shall be adjusted so that the cast iron covers will conform to the grade of the adjacent new pavement or parkway. Existing inlets and catch basins which will no longer be used shall be removed or filled.

All water main valves, not presently enclosed in valve vaults, along the route of the proposed improvements shall be provided with new valve vaults. Likewise, all fire hydrants shall be removed and the connecting pipe therefor lengthened and said hydrants relocated in back of the proposed curbs. Hydrants which do not meet with the present Village requirements, shall be replaced with Standard Village Hydrants having two (2) - two and one-half (2½) inch hose nozzles and one steamer connection. The trench for the extension of the connecting pipe shall be backfilled with Trench Backfill hereinbefore as described.

All domestic water "buffalo" boxes and curb stops located in the area to be improved shall be moved so that they will be located in parkways outside the limits of the pavement widening, curbs and gutters.

All traffic signals and appurtenances now located in the area to be paved shall be relocated outside the proposed widening and curb and gutters.

All trees interfering with the proposed improvement shall be carefully taken down and removed from the site of the improvement. All existing street light standards along the length of the improvement shall be taken down and removed from the side of the improvement as directed by the Village of Arlington Heights.

All materials shall be new and of the best quality suitable for the purposes for which they are to be used, and all work shall be done in a workmanlike manner under the supervision and superintendence of the Board of Local Improvements.

That the recommendation of the Board of Local Improvements of said Village of Arlington Heights providing for said improvement, together with the estimate of the cost thereof so made by the President of said Board and submitted to the Board of Trustees, both hereto attached, be and the same are hereby approved.

There are so many things that we handle in both of our Drug Stores that it sometimes becomes difficult to tell you the things we think you should know about the different products.

Most of the things we handle are Name Brands and it is particularly important for those of you who are particular about the things you buy. We know that you want the best products that are available; that is why we buy the best. The things you need in your daily life, such as vitamins, are given special care at both of our locations. We pay particular attention to buying these products and then we are careful of how they are handled when we receive them. Such things occasionally must be kept refrigerated and this we do; however, you will find that some places do not. There are many things that must be done and it is just another added service you will find at Harris or Arlington Heights Pharmacy.

Let us help you with all your needs, whether they be small or large purchases. Service is still our policy and you, the customer, are the most important person in the world. Prescriptions are delivered FREE if you are unable to come in. 'Bye now.

U. S. To Build 74 Homes For Nike Base Personnel

Uncle Sam will erect 74 single family homes to house families of Army personnel stationed at the Arlington airport NIKE guided missile site, Paddock Publications has learned.

The homes will be built in a 4- block area on the south side of Central rd., west of the village limits at Ridge ave., according to information gained at a village plan commission Monday night.

* * *

A SPOKESMAN for the architectural firm of Jensen and Halstead, 228 N. LaSalle, Chicago, confirmed the story and added that lots will come close to meeting the county zoning rule of a minimum of 10,000 sq. ft. in size. Streets will be extensions of Arlington Heights streets.

Some homes will have 3 bedrooms, some 2 bedrooms. There will probably be several different models, the spokesman indicated. He said a starting date for construction had not been announced by the army.

Most if not all NIKE stations are receiving federal housing, the spokesman said, adding that the local site will have one of the larger projects.

* * *

ALSO AT the plan commission meeting, chairman Evan E. Olmstead said Lawrenceville, first Illinois community to ask for federal assistance on its master plan, has had its application approved. Processing and approval by the Federal Housing administration required 6 months. Arlington Heights applied in December for $8,000 aid, or half the cost of a new master plan, and was the second state community to do so. Several local officials have considered withdrawing the application unless approval is forthcoming soon. AF)

Understanding The Teenager: Gangs

(Fourth in a Series)

by RICHARD HANNER, Jr.

"Bill" came into the office obviously disturbed.

"Last night they caried 'Jim' home. I guess it had to come, he bought at least half of the liquor at the senior party, and nearly drank it all himself. But I was too ashamed to bring him home, his parents were completely in the dark. And Monday at school he'll be bragging to all the gang."

Nearly every week-end this incident occurs — a girl has a party, her parents are out for the evening (but an elderly relative is sleeping upstairs, the gang comes and somebody brings the liquor (illegally sold by our taverns to minors), pressure is applied on all boys to drink and the girls to smoke, the party really gets steamed up, somebody gets drunk and has to be carried home, broken-hearted parents learn the truth, they hear the excuse, "Gee, everybody does it." And the next weekend its "Tom's" time.

* * *

TO WHAT EXTENT does the gang influence adolescent behaviour? Is there a difference in the type of influence exerted? How can parents cope with the peer-group influence on their teenager?

The teenager is blazing an untried trail, he is embarking on many new experiences, he is undergoing sensations and changes which are strange and mysterious, he is assuming new values and new attitudes.

He is not sure how to deal with many areas of his environment. Inside he feels great waves of insecurity, and feels at a loss to understand his feelings. He looks for an answer, an anchor to help him find a measure of security. Most tempting is his peer group. Here are people in the same boat as he, with them he can "belong." Together they can ignore their problems, pretend they don't exist, or explore other ways of adjusting.

* * *

ADOLESCENT peer groups are more than the sum total of each individual. The group itself has a personality. Most of them tend to be self-centered, status-conscious, and very hostile to any element which may violate its integrity.

Conformity, therefore, to the mores of his peers is a cardinal principle of adolescent living. Few teenagers escape. The reason for this conformity is that it is a means of boosting the adolescent ego, and therefore to a degree it is necessary. The peer group becomes a means of gaining anchorage and security. It offers opportunities to learn, it promotes emancipation. However, the peer group can be influential enough to jell bad habits and attitudes; it may accelerate psychological weaning unduly and set up unfortunate youth-parent conflicts.

There are some adolescents who don't seem to participate in peer group activities. Some are geographically isolated, some have to work while their age mates play, some have matured rapidly and have gained insights which make them feel out of place, some desire peer group acceptance so much that failure would be too tramatic and so they pose a lack of interest. These reasons are unfortunate in terms of true adjustment later in life. These adolescents are apt to be unhappy and enter adulthood with fewer real social skills than they should have.

* * *

WHY DOES the peer group affect teenagers in differing ways? First, there are many kinds of cliques, crowds, and gangs in all teen-age society. There are sharp clevages among these in status-conscious suburban living. What is acceptable in some of these groups would never be tolerated in others. So, to some degree, the kind of influence your teenager will have exerted on him by his peers, depends on which membership criteria he meets.

Second, and perhaps more important, concerns the inner person.

If the adolescent has been given love and acceptance, along with proper guidance and wise example for the first twelve years of his life, he will have a certain quality of inner security and serenity which will enable him to keep his equilibrium during the adolescent struggle. He will not experience, to the same degree as an insecure person, the driving compulsion for acceptance regardless of the price. He will be able to keep his own ideas and standards and perhaps even influence the gang.

If "Jim" had this inner security, he would never have offered his excuse, "Gee, everybody does it." If Bill had not had this inner security, he too would probably have thought it necessary to drink to "belong."

* * *

HOW DO WE cope with this power of the peer group? We should recognize it as very important to the life of a growing adolescent. It is more effective to become its ally than its competitor. More is accomplished by emphasizing the positive than nagging at the negative.

Some parents have turned their home over to the gang after basketball games or other functions. This is effective if the parents enjoy it, and become part of it. It is inviting trouble if the parents have another engagement and leave only an elderly aunt sleeping upstairs. If the party is in your home, then common courtesy implies that the standards of your home will be observed. If anyone violates this, then it is not necessary to ignore or tolerate them, politely escort them to the door. You can do this, but your teenage son or daughter cannot.

In understanding and accepting the peer groups influence on the teenager, we do not have to sacrifice our own integrity or value-system. It is true that we can no longer impose our ideas on the adolescent, but our example is ever strong.

In some communities parents and teenagers have jointly worked out a "code of conduct" which all parents are pledged to enforce, and all youth pledged to follow. This gives security to the teenager.

He knows his limits and they are the same for all his peers.

This keeps parents from being pitted against each other, and from being called the "wet blanket" by their offspring.

But until parents do this, they can continually expect to hear the old excuse, "Gee, everybody does it." When the truth of the matter is, that everybody does not.

The HUNGRY SPORTSMAN
By Eddie Meier

Winter and Spring Suckers

Suckers right now are at their very best and will continue so for another couple of months, or longer if you live along the northern border of our country. Flesh of this fish when taken from cold waters is firm and sweet. But it is a different tale when Old Sol's rays have heated the streams. The meat then becomes soft and has a muggy taste. In this condition the fish are not worth preparing!

The little "Y" bones in suckers are annoying to some, but can be easily eliminated if the fish is to be fried or deep-fried. Score the fish deeply (to the backbone) on each side about ¾-inch down from the dorsal fin. There is another row of small bones along the anal fin and these should be handled in the same manner. The hot fat crystalizes the bones and they can be eaten with the crisp fish unnoticed and without harm.

Another way to handle the bone problem is to clean and skin the fish, removing the back bone and large bones. Then run the meat through a food chopper, mix with flour and beaten egg, season, and fry as fish patties. (Sp

FORD IS AMERICA'S WINNINGEST CAR!
For 1957, Ford's off to a flying start on the NASCAR Short Track, Convertible and Grand National Race Circuit—with more points than all other cars combined!
And now—just in from Daytona—seven more Ford firsts!
- A 300-hp 1957 Ford V-8 out-accelerated all other low-priced cars in the standing mile competition.
- A 1957 Ford Sunliner outclassed all other low-priced cars in the 160-mile National Convertible Championship Race.
- A modified Ford Thunderbird, running in the Experimental Class, out-accelerated every other car in NASCAR history.
- A modified Thunderbird topped every American Sports Car, finished first in its class and placed second to Europe's fastest sports car at the National Amateur Sports Car Race.
- A standard production Thunderbird took first place in the flying mile—outperforming all sports cars made in America.
- A modified Thunderbird won the flying mile in the fastest time made by any car at Daytona this year.
- And a Ford Thunderbird topped the field in acceleration from a standing start in Modified Sports Car Class B.

It was Ford Thunderbird power that set a new stock car record at Indianapolis, too . . . and powered the '57 Ford to 458 world endurance records at Bonneville, Utah.

No Price Tags?

Good taste prompts us to refrain from advertising "prices" for funeral services. This does not mean there is anything "hush" about our prices. Families are given complete information on costs in advance. It's just that shopping for prices is not necessary for families who know their funeral director and are convinced of his integrity.

CHRISTIAN SCIENCE CHURCHES

The vital significance for people today of Jesus' healing works will be emphasized at Christian Science services this Sunday, Mar. 3.

Scriptural passages in the Lesson - Sermon entitled "Christ Jesus" will include the Master's reply to the disciples of John Baptist who questioned his mission (Luke 7:22): "Then Jesus answering said unto them, Go your way, and tell John what things ye have seen and heard; how that the blind see, the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, to the poor the gospel is preached."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (131:26-30): "The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were not understood. Jesus' works established his claim to the Messiahship."

OPEN MONDAY EVENINGS 'TIL 9 P.M.

LENT BEGINS MARCH 6

The proper observance of Lent has been likened to a ship passing through a series of locks on its way up a river. The ship enters the lock at a low level. The lower gate is then closed and water from above flows into the lock, raising the ship to the level of the river above the dam. The ship is then ready to continue its voyage up the river.

Lent can be like that for us. It can lift us spiritually if we use this stretch of time to flood our souls with God's grace and love. It will send us on to a higher level of life.

We are not to associate the season with petty abstinences and denials. If such are allowed to become an end in themselves, they simply create a vacuum. Instead of subtraction the season should become one of addition. Instead of contemplating our puny sacrifices, we should contemplate the great sacrifice of God on Calvary's Cross, His redemption of the world, of all who accept the Christ as their Savior.

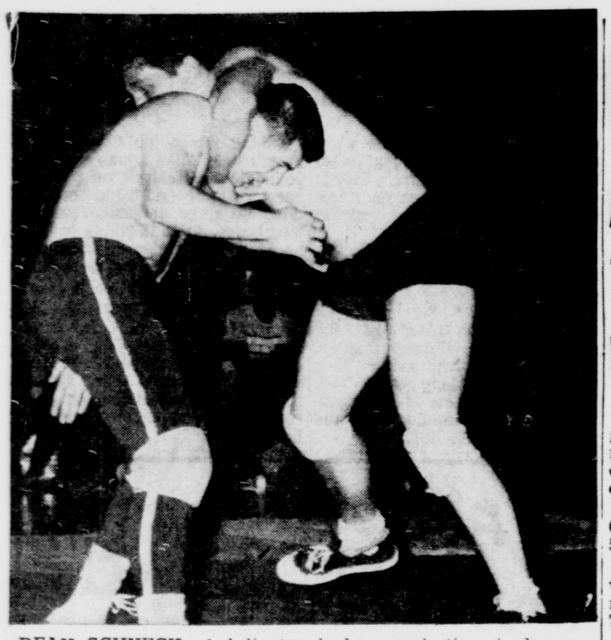
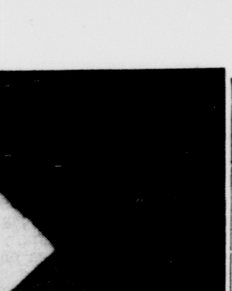
Regional Cage Tournaments Start Tuesday



DEAN SCHNECK of Arlington had a rough time in heavyweight competition against Hugh Wilson of Fenton, but eventually copped a ref's decision to win the bout and provide the necessary points for the hosts to cop their own sectional tournament by 3 points. A loss by Schneck would have meant a tie between Elgin and Arlington. Wilson will also compete in the state finals. That's Schneck in the striped tights.

KICKIN' IT AROUND



by Bob Paddock

TEAM EFFORT, that's what it took to win the sectional tournament . . . every point counted . . . impossible to pinpoint any 1 boy . . . each boy went to the mat determined to win." Those were the comments of coaches Dick Mudge and Maurice Kellogg after Arlington had won its own wrestling sectional in a series of upsets that saw a couple of Heights lads win very unexpectedly, all of them perform outstandingly, and the climax of heavyweight Dean Schneck taking an overtime referee's decision to put the title on ice. Then came the bad news Tuesday that Schneck has a broken wrist and would be unable to compete this weekend in the state finals.

Dick Mudge

Maurice Kellogg

A fast start for Heights was a terrific help to morale. Cardinals won the first 7 bouts of the first round. They copped the first 6 of the second round. They took 4 of the first 6 in the semi-finals. And there was the ever-present heavyweight division with Schneck coming through as frosting on the cake.

♦♦

WHICH BRINGS UP a story of a coach and his ever-interested wife traveling to Davenport, Iowa, to see an invitational meet before the season ever started, watching perennial state wrestling powers Rock Island, Moline and Sterling. But walking off with that meet was Davenport with a superbly coached aggregation, with 11 of 12 boys making the finals. Outstanding about that team was determination to win and team spirit.

That determination to do the nigh to impossible was the fighting slogan of the Heights wrestlers. It was mentioned, and re-mentioned all year.

When the final points were counted Saturday night, and showers were turned on, 1 Card grappler commented "I guess we looked like Davenport, huh, coach?". And that's what it took to win the sectional in a year where record injuries decimated a squad to just 1 senior regular. Outlook is bright, with a pile of sophomores and juniors coming back. But we thought now was the time for a brief salute to this year's wrestlers, and their coaches, Dick Mudge and Maurice Kellogg.

♦♦

WITH A WIN over R-B Friday night the Cardinal cage squad will be a first division team in the West Suburban league for the first time. Highest finish of a Heights team in the WSC was sixth back in 1952, first year in the league.

With 3 juniors on the starting 5, a second place sophomore team, and a 12-3 JV record for reserve juniors, we're glad we call Arlington home.

Just what Arlington can do in the regional remains to be seen. If they can come through with a couple of top flight performances we think they'll show well and surprise a lot of non-Arlington fans.

♦♦

TWO TEAMS with 0-22 records will have their last chance at victory this week . . . We're pulling for 1 of them to lose, 1 to win . . . It'll be R-B against Arlington Friday, and was Lake Park in the district at Woodstock Wednesday . . . Unusual look of the WSC standings is LaGrange varsity in the middle and frosh-sophs on the bottom . . . We know the pendulum always swings back and forth, but we had become used to the Lions near the top for so many years.

We like to think those 2 Heights wins over LaGrange helped create this change, first wins in history over the Lions, and, we hope, a sign of more to come.

And while we're on the subject of "what's in a name" there's Terry Loveless on the Heights gymnastics squad, as well as Don Slonecker . . . Actual naming of the 10 boys who'll represent Arlington in the Glenbrook regional has not been determined by Coach Howard Lester as yet . . . Officially the announcement need not be made until 1 hour before the first game of the tournament starts . . . We didn't know Colleen Mudge, wife of wrestling coach Dick, was a nurse until we saw her operate a needle in giving Dick Duncan, Wheaton winner at 145, penicillin.

Some sort of record was set when Belvidere scored 31 points against Lake Park in the second quarter, but Lake Park came back with 32 in the final segment.

The Lancers lost 22 varsity basketball games in a row in the school's first year of operation, but included 2 sophomores among the first 5 all season . . . Every boy on the squad will be back next year, of course, when the school has seniors for the first time . . . Wouldn't it rate a headline if Lake Park won its first game of the season in the regional? . . . That's a game played Wednesday night too late to catch this sport section, but already history by the time this paper reaches the street.

♦♦

ILLINOIS' GYMNASTICS team is labeled by Coach Charlie Pond as "the greatest in college history" . . . Illini, defending Big Ten and national collegiate champions have won nine consecutive dual meets. No team has come closer than 14 points . . . After winning 5 meets in first-semester competition, team became more powerful with addition of Olympic performer Abe Grossfeld who returned for second half of year. Grossfeld, in combination with national all-around champion Don Tonry, has given Illinois a potent one-two scoring punch.

Arlington To Test Maryville Wednesday At 7

Waning basketball season gives way to the regional tournaments next week when local conference schools compete in 6 events within the suburban area.

Palatine will meet Maine at Glenbrook Tuesday night, March 5, starting at 8:30.

Arlington will oppose Maryville of Des Plaines Wednesday night at Glenbrook, starting at 7:00.

Fenton will face York at York Wednesday night at 7:00.

* * *

REGIONAL TOURNEYS are slated for the northwest suburban area at Elgin, Hinsdale, Barrington, Lake Forest, Glenbrook and York.

Leyden is favored at Glenbrook. The Franklin Park 5 should breeze past Notre Dame, in its first full year of operation as a 3-year school. The Eagles are very tall, have a veteran club that stands third in the South Suburban league.

Leyden whipped Arlington by 25 points earlier in the season.

* * *

PALATINE WILL have its hands full attempting to upset Maine of Des Plaines. The Pirates have been rebuilding this year and won several games in top flight performances. Blue Demons edged Palatine by 1 early in the season.

Arlington's Cardinals are favored over Maryville, will then meet the winner of the Glenbrook-Niles contest, where the Trojans are favored. There are 2 games Thursday night pitting winners against each other with the championship tilt scheduled for 8 p.m. Friday.

* * *

BARRINGTON is favored in its own regional, though Antioch, Libertyville and Grant could give the Broncs trouble. Barrington should run roughshod over Wauconda Tuesday night just before Antioch disposes of Ela-Vernon. Libertyville is expected to knock off Round Lake Wednesday with Grant, Northwest conference titleholder, whipping Grayslake.

Glenbard and Proviso are expected to beat IC of Elmhurst and Elmwood Park at York Tuesday night with Fenton bowing to York and Oak Park topping Wheaton Wednesday. The Bisons have been hot on occasion for Coach Chuck Cole, but don't rate high enough to upset the West Suburban league champ. Glenbard was favored to take this one earlier, but events the past couple of weeks have changed this thinking.

* * *

THERE WILL BE 8 teams competing in the Elgin regional with the host 5 as heavily favored as any school in any regional throughout the state.

Down Hinsdale way Morton and Hinsdale should win Tuesday night, with Downers and LaGrange coming through Wednesday.

ARLINGTON'S SECTIONAL CHAMPS were all smiles when the firing was over in the sectional wrestling tournament at Heights Saturday night.

It had been a long 2 days, but was well worth it, as witness these 9 grins. Front row, George Steil, Pat Harris, Ralph Carlino, Jerry Bonn. Second row, Coach Dick Mudge, Ed Schumacher, Dean Schneck, Phil Deming, Coach Maurice Kellogg.

Booster Club Night Friday

Friday night March 1, is Booster club night at Arlington high school as the Cardinals battle Riverside-Brookfield in the final game of the West Suburban Conference basketball season. Special recognition will be given at half-time to members of many winter sports squads and their parents.

Five members of the wrestling team along with their coaches, will be "among those not present" when the rest of their squad is introduced. Those 5 boys were all 1st or 2nd place winners in the sectional tourney last Saturday night and, as a result, will be at the University of Illinois this weekend wrestling in the state tournament.

* * *

THIS WEEK the Cardinals Booster club sent out a newsletter to its 1,000 members in hopes that the last game of the year will also produce the biggest and most enthusiastic crowd of the year. Club president Richard Black and other club members hope that parents and basketball fans will turn out in great numbers as continuing evidence of the upsurge of basketball interest and enthusiasm at Arlington.

The frosh-soph game begins at 7 p.m. and tickets may be purchased at the door. The Arlington gym is one of the finest in the state and will seat about 3,000 spectators.

* * *

PARENTS of players, managers and cheerleaders of frosh-soph basketball will be introduced between halves of the frosh-soph game. Varsity gymnastics parents will be honored at the same time.

Varsity basketball parents will be introduced between games, with varsity wrestling parents taking the spotlight between halves of the varsity game. Just how many of these will be on hand instead of in Urbana for the state meet is not known.

Halftime entertainment will include Orchesis group under direction of Miss Bond with Martin Dahlberg providing some music at the organ. (Sp

Arlington, Palatine Split 2-Point Decisions In Grade School Basketball

The old Arlington - Palatine rivalry dating back to 1925 arose again Saturday morning when Oak street cagers of the Palatine grade school system split a doubleheader with Arlington Jr. high basketball teams.

Lightweight contest went to Palatine 31-92 while the heavyweight tilt was an overtime affair won by Heights 28-26.

* * *

OAK STREET vaulted into a 14-2 lead the first quarter in the lightweight game, before Arlington got started and moved up to 18-10 at halftime. The Heights crept up a bit more the third period with Oak street in the lead 24-18 going into the final quarter.

High scorer for Palatine was Marker with 17 points. For Heights it was Clabaugh with 9, followed by Lips with 7 and Cordes with 6.

Thinclads In First Meet

First practice for Arlington's thinclads is scheduled for this Saturday morning at Evanston fieldhouse with competition against Bloom and Evanston scheduled to start at 10:30.

The Heights group, with many hopefuls still not reporting due to conflict with basketball and wrestling, will compete in University of Chicago high school invitational Monday afternoon at 3:30. The 2 events will be practice affairs for the locals, giving boys the opportunity to work out under regulation conditions for the first time.

* * *

COACHING SETUP at Arlington includes Russ Attis, Bob Scott and Bill Beckman. They'll direct both varsity and frosh-soph trackmen in the various events with boys presently restricted to weightlifting exercising and running in the halls of the school.

It's difficult to pick a lineup for these first meets. So little is known of many boys, and with no outside workouts or fieldhouse in which to work out such as at Maine the coaches have to guess. Here's the probable lineup for various events:

* * *

BROAD JUMP has Howie Berg and Jerry Sinclair. Stan Norman will high jump, with cager Bill Palmer reporting later. Carl Klehm and John Peterson have been named in the shot put. In the pole vault are Earl Anderson and Bill McDowell.

Howie Berg and Rick Yager are listed in the 60 yard dash with Jim Hall and Bob O'Neil listed in both high and low hurdles, plus Howie Berg in the highs and Stan Norman in the lows.

The foursome of Ken Courter, Ron Marks, Bob Taggart and Ken Kurtz has been named in 2 mile relay. In the 800 relay have been selected Stan Norman, Howie Berg, Rick Yager and Alan Westergaard. Distance and sprint medley competitors have not been selected as yet.

St. Theresa Whips St. James

Very fine team play and passing, combined with good shooting, gave Palatine another win over St. James Sunday afternoon.

St. Theresa played the finest game of their series to hold St. James' sharp shooters to only 6 field goals. Leading at half time, 19 to 10, the "Sparks" made 11 points while holding St. James to 5 in the 2nd half to win 30-15.

* * *

SMITH of St. Theresa poured in 21 points to bring his nine game season total to 102 points.

Hietz was St. James' high scorer with 9 points.

St. Theresa's junior team lost a close game, 21-16. They gave St. James' tall boys a battle all the way. Kenny Hoffman was high scorer with 6 points.

This win clinches St. Theresa's entry into the Northwest Suburban Catholic league tournament.

Aggressive

Ed Gilmore has been an aggressive guard for Arlington this year, a good driver and outside shooter. The 5-10 senior is a transfer from Cincinnati. (Sp

MAC SAYS

by G. A. McELROY

PALATINE RELAYS, to be held at Ost field at Palatine Township high school Saturday, April 27, will be a very special event this year. This will be the 25th anniversary of the start of the track meet which Carl Megel organized among 6 schools back in the last Saturday in April of 1933. The meet was taken over by the writer of this column in 1935, was changed to a relay carnival in 1936, and to a 2 class meet with "A" and "B" divisions in 1938. Since 1944 J. E. Stutzman, Athletic Director at Palatine, has been the meet manager.

Teams have come and gone with as many as 60 different schools having participated at one time or another. Schools have grown in enrollment and the division point between classes has been shifted.

In recent years many of the big suburban schools have been allowed to enter since the size of Arlington Heights, Leyden, and Niles has grown to the same class as the largest of the suburban institutions. These 3 were among the early members of the meet and their consistent attendance was rewarded by not allowing the "A" class to get out of line with their enrollment.

◂▸

IN PLANNING for the anniversary meet one of the features will be a 25th year brochure or printed program containing a history of the meet, winning teams, individual records, 1957 entries with coaches and enrollments, schedule of events, awards, and if possible a number of pictures of record holders and recent winners.

The trophies this year will be silver instead of gold plated in keeping with the anniversary.

Second place trophies for runner up teams in each class will be given for the first time. As usual trophies will be given the winner in each relay in each class and the boys winning the first five places in each event in each class.

◂▸

THE DIVIDING LINE between "A" and "B" divisions has been changed to 1,200 enrollment. Schools like Crystal Lake, Libertyville, Naperville and some others who have recently been in class "A" though hardly in the class of Bloom, LaGrange, Maine and York will get a break they deserve and compete in the "B" division. Very small schools will be severely handicapped but few of them now attend the meet anyway.

In order to get the list of entering schools set early for publicity purposes and for the program the schools wishing to attend are being placed under contract. Contracts went out a week ago to 12 class "A" schools and 24 schools in the "B" division.

Schools indicating a desire to compete in the big Palatine meet are Arlington, East Aurora, Bloom, Highland Park, Joliet, Leyden, LaGrange, Maine Twp., Niles Twp., Proviso, Waukegan, and York in class "A". In the "B" division will be entered Antioch, Barrington, Crystal Lake, DeKalb, Elmwood Park, Fenton, Glenbrook, Grayslake, Grant, Lake Forest, Lake Park, Libertyville, Lockport, Naperville, North Chicago, Oregon, Ottawa, Sycamore, St. Anne, St. Charles, Warren, Wheaton Academy, Wauconda, and Zion-Benton.

◂▸

THE LARGEST SCHOOL in the "A" class will be Proviso with 4,100 students and the smallest East Aurora with 1,600 and Highland Park with 1,635. Last year's champ team, Bloom township high of Chicago Heights also won the state championship. Largest class "B" schools are Glenbrook 1042 and Zion-Benton 975 neither of which has been strong in track. Smallest entries are Wheaton Academy 210, Oregon 306, St. Anne 325, and Lake Park 300. Mooseheart, last year's winner, and champ on two other occasions has decided not to enter this year.

Dan Loblaw of the Waukegan News-Sun comes up with some statistics which interest us. His tabulations show that among present Northwest conference members Palatine has the best won and lost record over the past 8 years without winning a basketball championship.

The Pirates up to this season had in 8 years won 70 and lost 48 while Antioch, with 3 championships, has won 67 and lost 51.

Of course Barrington took 4 straight titles during those 8 years and then moved to the North Suburban. In the last 4 Antioch has had two clear crowns and one tied with Grant while the other was shared by Ela-Vernon and Glenbrook. During the 8 years time Palatine has been second on 3 occasions and third two other times.

PALATINE'S LAST championship was won with an undefeated team in the 1942-43 season, their 4th in a row, with the varsity regulars George Cramer and Jack Hayes at guards; "Bucky" Harris at center and Dick Stinson paired with either Jack Kunze or Bob Howes at forwards. This team averaged 6' 2" when Howes was in the lineup, played a slow break offense and a zone defense, and had a conference record of 12-0 and a season mark of 16-1, splitting 2 games with Crystal Lake.

The Pirates opened this successful campaign with a victory over New Trier of the Suburban League.

This team won 4 games in the final 10 seconds of play when defeat seemed certain. George Cramer sank 2 free throws in the last 5 seconds of an overtime to beat Arlington, Norman Harris stole the ball, scored, was fouled and made the free throw to beat Barirngton by one point with seconds to go. Jack Hayes looped a long one from midcourt just ahead of the finish gun to beat Ela-Vernon by a single point. Clarence Herr, a substitute, went in and sank a last second winning basket in another game.

Heights Cagers Seek Victories Over R-B Friday

Curtain will fall on another West Suburban conference basketball season Friday night with everything over except the shouting. Only possible chance of the WSC rating any headlines in the press is up to Downers Grove.

The Trojans will be out to upset York. If they can do it, the Dukes will back up to a tie for the championship with Glenbard, providing the Bards dispose of Hinsdale as expected. Arlington will play host to Riverside-Brookfield in the home final.

THE CARDINALS were outplayed at Glenbard last week and will be out to make amends recordwise against R-B. Locals whipped the visitors by 22 points the last time.

Couple of changes on both teams include calling up 4 or 5 sophomores to the R-B varsity and moving up of Lee Magnuson to the Cardinal varsity. Riverside-Brookfield has lost every game to date this year.

One of the state's outstanding officials, Bob Young of Maywood, will officiate the game at Heights Friday. Young has some state tournament experience behind him and is highly rated by coaches.

* * *

FROSH-SOPH HALF of the game will present a different picture. The locals are expected to win, but R-B has been looking better the last couple of games in spite of a big change in personnel. The Lions will possibly present a stalling offense which could cause trouble.

Arlington has cinched second place in the league. Hinsdale has tucked away the frosh-soph title with LaGrange bringing up the bottom!

Young Cardinals were stopped cold the first half against Glenbard, scoring just 2 field goals on 20 shots. Mental attitude was partially responsible, though the pepped-up hosts played good ball throughout. Locals of Coach Frank Bohac snapped out of the doldrums at intermission and looked like a ball team the second half, but it was too late. (Sp

Southpaw

Jerry Klement is a good left-handed shooter for Arlington Cardinals. His 6-5 height has been a big help to the senior center, particularly in rebounding.

Red Hot Glenbard Fries Cardinals

A red hot Glenbard five set Arlington's Cardinals down in good order Friday night at Glen Ellyn, 82-70. The victory avenged an earlier defeat received at the hands of AHS.

Arlington was in contention for only 1 and a half quarters. The locals sank 7 of 8 free throw attempts to help grab a 15-14 lead at the end of the first quarter. However, Glenbard moved to a 29-24 advantage with 4:15 remaining in the first half and pushed the intermission lead to 10 points, 37-27.

* * *

SMOOTH BALL handling and accurate shooting accounted for the winners' big 24 point third quarter. Less than 4 minutes into the second half the Bards had racked up an 18 point lead and Arlington turned on the press in order to keep pace.

Tom Jacobsen had one of his bigger nights, despite the setback. The senior forward sank 11 of 11 free throws to go with 9 field goals for a 29 point total.

Although smaller, Glenbard controlled the boards most of the evening. In one quarter, the second, Arlington got only 3 rebounds. The unofficial game totals had the Cardinals grabbing 30 rebounds to Glenbard's 44.

* * *

FOUR GLENBARD regulars hit in the double figures, with Bill Biederman having the highest point total, 20. Tom Thompson and Jim Jordan had 17 and 15 points, respectively, while Rich Edwards, who started slowly, contributed 12.

The Cardinals missed only 7 of 27 free throw attempts while Glenbard made 22 of 30 shots from the charity lane. Arlington must now beat cellar-dwelling Riverside - Brookfield Friday night in order to finish with a .500 season in the WSC. Glenbard can still tie for the championship should York lose while the Bards capture their final conference bout. (Sp

Stiff Zone And Cold Eye Stop Arlington Frosh-Soph Cagers

A stiff zone defense and cold shooting spelled defeat for Arlington's freshman-sophomore basketball team, eliminating any hopes of catching Hinsdale's league leaders. Glenbard found their home court to their liking in the 40-28 victory.

The young Cards scored only 2 of 20 field goal attempts in the first half and trailed 21-6 going into the second half. The Bards' lanky back-courtmen controlled the boards for the winners and added most of the scoring punch.

* * *

DAVE VARNADO personally accounted for 16 of his team's 28 points. The diminutive guard scored all 6 of the losers' points in the first half. His set shots were the only reliable means of scoring that the locals had.

Lee Magnuson contributed 8 points on long one-handers and Don Gerken got away 1 successful jump shot and 2 free throws that found the mark. That was the extent of the Arlington scoring. Two positions were shut out by the shifting zone defense.

* * *

VARNADO and Magnuson led a rally in the third period and threatened to overtake the Bards. Going into the final quarter Arlington trailed by a 29-22 score, having trimmed the point spread to 7 with a 16 point quarter.

The rally died in the fourth frame, however, as Arlington tallied only 6 points to Glenbard's 11. Ball control antics by the leaders kept coach Frank Bohac's boys at a distance.

* * *

NUMEROUS mechanical violations, especially traveling offenses, plus 15 personal fouls by Arlington, kept the officials breathing through their whistles all evening.

The Cards, who now own a 9-4 record in WSC play, had beaten Glenbard rather handily in a previous engagement at Arlington Heights. (Sp

Card Frosh Drop 2 To Glenbard

"The freshmen lost both games to Glenbard but that 'A' contest was a Lulu."

That was the word Saturday at Heights when Coach Ken Schaller's 'A' squad bowed 55-51 in a sterling contest, and Coach Larry Anderson's 'B' team dropped a 59-30 tilt.

OFFENSE of both Glenbard and Arlington was about equal in that 'A' game, but the Heights defense wasn't strong enough. That seemed to be the trouble for the locals.

The winners grabbed a 14-10 opening quarter lead with Heights coming back strong with a 16-9 second period to take a 3-point lead intermission. The young Bards poured through 20 points the third segment to go into the lead once more and stayed there to win.

High scorers for Arlington were Bork with 21, Johnson with 12 and Striegel with 10. Bork tallied 2 baskets in 3 quarters and 3 in the other for a constant effort. Bauman and Chandler tallied 13 and 12 for the winners.

* * *

GLENBARD hit from the outside and made good on 21 of 25 free throw attempts. That about tells the story of the 'B' game. Heights was never in contention after the intermission.

Six boys scored for Coach Anderson with Beckman's 10 high. Kennedy was high for the winners with 13. The freshmen will close the season this weekend with a double header against Riverside-Brookfield Saturday and an 'A' game against North Chicago Monday. (Sp

Card JV's Win

Arlington's junior-varsity basketball team copped its 12th victory against 3 defeats in a 49-48 thriller over Glenbard Saturday morning. The reserves have lost only to St. Charles, York and No. Chicago, with a return engagement against No. Chicago set for Monday in the final game of the year.

The Bards took an 18-12 lead the opening quarter against Coach Dick Kinneman's reserves Saturday at Heights, and remained ahead 30-26 at halftime. First quarter scoring was light for Heights with Bob Mors and Dave Borgen each potting 2. Borgen added 4 free throws, though.

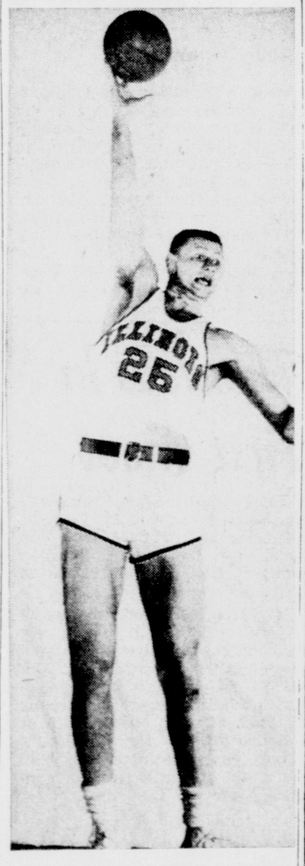
* * *

IN THE SECOND period Mors, Borgen, Anderson and Hutchinson all tallied, with Mors hitting 4 more buckets this third segment. It was in that period that Arlington caught Glenbard with the count standing at 42-all going down the home stretch.

Mors and Borgen both lead the locals' scoring with 18 apiece. Lytten and Domuille were high for Glenbard with 20 apiece.

Borgen has been averaging about 17 points per game the last 4 contests, with a great improvement shown in his rebounding. He's also made 18 of his last 20 free throws, a big boost for the Cardinal cause. (Sp

Crucial Point



Ted Caiazza provided a crucial point for Illinois in its victory over Purdue Saturday. With the Illini leading by a single bucket Caiazza took the floor, was fouled and sank a free throw to put his team 3 points into the lead with just seconds to go. (Sp

Card Gymnasts Gain Split

Varsity gymnasts of Arlington high school lost to York Friday in a 92½-61½ encounter, but the frosh-sophs won a 1 point decision to even the score 77½-76½.

Missing from the varsity squad for Coach Gay Hughes was Bruce Robb with a pulled muscle. He'll be staying out of competition until the state meet March 15-16. Ed Wilson competed with a pulled shoulder muscle, and will also be out until the state event.

* * *

ONLY FIRSTS for Heights in the varsity division were by Tom Seward on rings and Gary Moreland in tumbling. Seconds were taken by Ed Wilson on horizontal bar and parallel bars. Thirds were gained by Wilson on rings, Moreland on trampoline and Ed Kelly on side horse.

Only event taken by Heights were rings 12-10. Otherwise it was all York.

* * *

FROSH-SOPH HALF of the meet was a different story. Heights won trampoline 15-7, rings 15-7 and long horse 13-9. York won side horse 14-8, horizontal bar 12-10, tumbling 16-6 and parallel bars 11½-10½.

Taking firsts for Coach Rick Farris were Mike Lyons on trampoline, John Henning on parallel bars, Henning and Tom Geocaris tying on rings and Art Tews on long horse. Art's 78 points on long horse was high for any man on any equipment in the frosh-soph meet.

WINNING SECONDS for the Heights' cause were Terry Loveless on trampoline, Donald Slonecker on side horse and John Henning on horizontal bar. Taking thirds were Don Ballou on horizontal bar and Henning on long horse.

Arlington Wins Sectional Wrestling

Dean Schneck Breaks Wrist

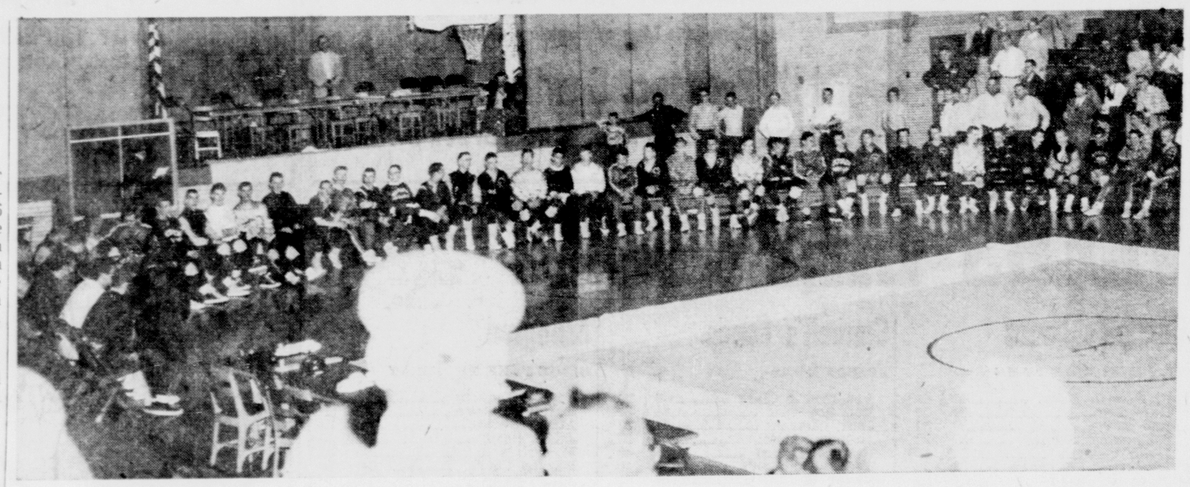
Arlington Cardinals won their own wrestling sectional tournament Saturday, finishing with 76 points, 3 more than second place Elgin. It was a thrilling finish with outcome decided in the 164th bout of the 2-day tourney, the heavyweight bout between Dean Schneck of Arlington and Hugh Wilson of Fenton.

It was more than just a title deciding bout. Schneck has had the pressure on his shoulders time after time this year, with Dean's actions deciding 5 of 6 WSC meets this year. Once again it depended upon Dean at the last, with a loss for the local heavyweight meaning a tie with Elgin for the title.

* * *

WILSON represented Fenton of Bensenville, with Coach Chuck Harrington leading that school's first year of wrestling. Heavyweight Hugh had already cinched a chance to go downstate, but wanted the first place medal to go with it in his first year of wrestling.

Wilson took the first point on an escape in the second period. He took another point the third period but Schneck gained 2 points on a reverse, tying the score and sending the bout into 2 1-minute overtimes.



THE TOP 48 WRESTLERS in the Arlington sectional tournament are pictured in this cemi-circle awaiting medals Saturday. The 48 boys survived a field of 168 from 16 schools who started competition Friday afternoon in a session lasting from 7:30 to 1:35 in the morning.

SCHNECK WON the toss for top spot in referee's position to start the first round of the overtime. Wilson immediately escaped, and warded off Schneck's efforts, for a 1-point lead. In second round, with Wilson starting on top, Schneck gained an immediate escape, but then fought hard to pin Wilson.

It was that aggressiveness, that attempt to pin in the final round of the overtime that gave Schneck the bout and Arlington its sectional title. It took a lot of points by a lot of boys to win for Heights, but nothing ever commands attention of fans as much as closing seconds of any contest, and that Schneck-Wilson bout was as much of a Frank Merriwell finish as anyone could wish.

* * *

THE CARDINALS took 3 championships with Jerry Bonn winning at 95 after upsetting Alessi of York, Pat Harris winning at 127 and Schneck copping the heavyweight title. Ralph Carlino and Ed Schumacher finished second at 112 and 133. Those 5 were slated to compete for Arlington in the state finals at Urbana this week, until Schneck was discovered to have a broken wrist.

George Steil copped third at 120 for Arlington with Phil Deming finishing fourth at 103. Here are the points that gave Arlington the title.

Bonn	15	Schumacher	11
Harris	14	Steil	6
Schneck	14	Deming	4
Carlino	11	Leckband	1

Bonn tied 3 others in the tournament as high point man with 15. Outstanding individual wrestler of the meet, in fan appeal and physical build, was Willie Spates of Elgin, a muscle-rippling colored boy who handled his opponents' legs like toothpicks in attempting to gain pins. The 165-pounder took 3 pins in :56, 3:36 and an 11-2 decision, then won the title with a 1:03 pin.

* * *

PALATINE WILL send 3 boys to the state finals. Karl Schwenk pinned Kastning of Lake Park in :58 at 133, defeated Eilert of Wheaton Academy 5-0, blanked Puffpaff of Elgin 3-0, and defeated Schumacher of Arlington 4-1 in overtime for the title.

Eric Bessemer took second at 120. After drawing a bye Eric downed Shafer of West Aurora 3-1, defeated Steil of Arlington 7-4, then lost to outstanding grappler Ron Kramer of Elgin in the final.

* * *

DENNY LUNDGREN copped second at 145. He disposed of Despenca of York 4-2, pinned Jziorski of Lake Park in :35 (Jziorski had whipped Dierking of Fenton for Lake Park's only point), decisioned Borine of DeKalb 4-2 then lost to Duncan of Wheaton 2-0.

Bill Sweet took third for Palatine at 103. He disposed of Spangler of Wheaton Academy 9-3, whipped Gaimari of Elmwood Park 10-4, lost to Johnson of Elgin 4-0, then whipped Deming of Arlington 8-5 for third place.

* * *

BOB NORDIN finished fourth for Palatine at 154. Bob whipped Falbo of Wheaton 5-1, pinned Churan of Crystal Lake in 2:42, lost to Bruhn of Leyden 4-3 and to Brettman of York 4-2.

Other points were gained for Palatine by Conley in a decision at 95, Dilks in a decision at 127 and Kiraly in a high-scoring 17-7 decision at 175. (Sp

Frosh-soph wrestlers at Arlington have put away their tights for another year, but not without noting outstanding pin records of several of the boys.

Seven boys, coached by Maurice Kellogg copped 37 pins among them. This bears out the policy of the Arlington coaching staff of going for pins rather than defensive tactics evident at some schools.

* * *

ED GERRARD leads the parade of pins with 8 of 'em, in addition to 2 decisions. Dave Schreiber and Mike Kauffman each chalked up 6 pins with Dave copping a decision as well and Mike taking 3 decisions.

John Torrens and Frank Woodruff each carded 5 pins with John also taking a decision and Frank winning 3. Terry Harris chalked up 4 pins and 5 decisions with Dale Hedberg winning 3 pins and 3 decisions.

THE REQUIREMENTS for winning frosh-soph numerals include an even break on won-loss points, participated in at least half of the meets, plus exceptions. Any freshman or sophomore regularly competing with the varsity will definitely receive a numeral, unless he also merits a varsity award.

Final decision as to a letter or numeral is up to the coaches. Coaches Maurice Kellogg and Dick Mudge are expected to rule on these in a couple of weeks after the state tournament is over and all suits are hung up to dry.

Grid Season Tickets Reserved Parking

Chicago Cardinals season ticket holders, who have two or more season tickets, may take advantage of a reserved automobile parking plan, managing director Walter Wolfner has announced. Wolfner, in making the announcement, emphasized that only 400 spaces are available, and that only that many applications will be accepted for the choice locations in the parking area at Comiskey Park.

Reserved parking facilities at Comiskey Park, one of only a few parks throughout the country — where professional football is played — which has parking area in such close proximity to the ball park, will be available to successful applicants at a discount rate of $5 for the six home games. Regular parking rates are $1 per game or $6 for the six home games.

NEEDLE in the GROOVE

by PAUL LITTLE

Mercury, always a leader in popular music, obliges delightfully this week with one of the year's best instrumentals, a 45-rpm pairing by versatile Richard Hayman (composer, harmonica player, arranger and conductor all in one.) of "The Urchin of Venice," one of the liveliest and most entertaining bits in a long while, and "Theme from 'Full of Life'" which he scores for lush strings, mixed chorus and his own solo harmonica. Highly recommended! Then we have Nick Noble in a diverting calypso hit, "No One Sweeter Than You," bound for honors on the Hit Parade. Georgia Gibbs, that sultry personality singer, register another smash in "Silent Lips," with her verve-packed vocals backed by a modern rock accompaniment that will have you tapping your feet. And finally ,Mercury's fine new singing group, The Diamonds, entertain with a lively novelty called "Little Darlin'," which has a little bit of everything and a cow bell for good measure!

From Bell Records, subsidiary of Pocket Books, Inc., we have two fine 45's at just a penny under half-a-dollar each, a series of over twenty discs that has won national attention for good tunes ably done with talented artists. One pairs "Young Love" with Barry Frank's excellent vocals, and "Don't Forbid Me" with Ray Buckingham handling the lyrics pleasingly; the other combines "Blue Monday" with gifted vocalist Buddy Lucas and "The Moonlight Gambler" in which Barry Frank scores again. Good arrangements, good sound, and bargain price on all Bells.

DICK BOCK, young founder of Pacific Jazz Records, contributes two superb 12-inch platters for all lovers of topnotch jazz, done to a T in hi-fi. One is "Hoagy Sings Carmichael with the Pacific Jazzmen," conducted and arranged by Johnny Mandel. Hoagy, in case anybody doesn't know, wrote the immortal "Stardust." He is quite a good "pop" singer too, as he proves in a program of his own tunes, like "Georgia on My Mind," "New Orleans," "Skylark," "Rockin' Chair," "Lazy River," "Two Sleepy People," and "Winter Moon." Combo includes that alto sax star Art Pepper, Jimmy Rowles' fine piano, Harry Edison's ballad-warm tenor sax, and Harry Klee's eloquent flute. It's PCJ 1223.

The other PCJ waxing (1224) is "Chet Baker and Crew," and stars the brilliant young trumpet artist whom Bock introduced to national jazz fans. The disc was made early last summer after Chet's return from a European tour and finds him at his best. He is backed with a group of topnotchers like bassist Jimmy Bond, drummer Peter Littman, tenor sax Phil Urso and pianist Bobby Temmons. One of the brightest tunes on this 12-incher is Gerry Mulligan's "Revelation," with a rich trumpet solo for Chet; other tunes include "Medium Rock," "Worrying the Life Out of Me," Al Cohn's piquant "Something for Liza," and two fine numbers by Phil Urso, "Halema" and "Lucius Lu." Some of the zest trumpet playing to be found on modern lps, enhanced by Bock's clean, up-close sound.

Social Security Claims Increase

More than 800 claims from Northwest Chicagoland residents for old-age and survivors insurance were received in January, the northwest district social security office announced.

Many of these claims were filed by workers who retired at the end of the past year.

Beneficiaries can earn as much as $1,200 in a year and still receive social security benefit checks for each month of the year. If the beneficiary earns over $1,200 during the year, one month's benefit is deducted for every $80 or fraction of $80 earned over the $1,200. However, no deduction is made for any month in which he does not earn more than $80 in employment or does not render substantial services in self-employment. (G

Fire Losses

Estimated fire losses in the United States during January amounted to $115,272,000 the national board of fire underwriters has reported.

According to Lewis A. Vincent, NBFU's general manager, this $115,272,000 loss represents an increase of 18.9 per cent over losses of $96,972,000 reported for January, 1956, and an increase of 19.5 per cent over losses of $96,485,000 for last December (1956).

BOWLING LANES cagers took second place in Mt. Prospect park district adult basketball league. Front row, L. Fischer, L. Slinkard, Art Taillon, Bill Lynk. Back row, recreation director Mike Skuban making second place presentation to Dave Lynk, captain and league's best point average player.

Using only 5 men in most of their games, the Mt. Prospect Bowling Lanes team finished in second place in the Mt. Prospect park district basketball league. Defeated only by the winning Fastex team, the Bowling Lanes team did a very commendable job, considering their lack of substitutions.

Among the handicaps the team went through during the course of the league was the death of 2 of their players in an automobile accident and the loss of John Sujack and Bill Mueller who were out of town. This left them with only 5 players, who played the remaining games and won all but 2 of them. Their record was 8 wins against 2 losses.

DAVE LYNK, ex-football player at Arlington Heights, was their big man as he averaged 16.7 points per game for the season with 134 points. Dave, with his height and weight as an advantage, controlled many of the rebounds and scored mostly on a well-polished hook shot.

John Sujack, former all-state football hafback and a great star at Arlington high school, finished second in his team's scoring. He averaged 12.6 points per game on 76 points. Bill Lynk, diminutive and aggressive brother of Dave, was the team's third best scorer on 71 points in 8 games.

Rounding out the team were Larry Slinkard, Larry Fischer, and Art Taillon, former Arlington High School athletes.

* * *

MIKE SKUBAN, recreation director for the Park District, expressed satisfaction with the league and pointed out that there were over 1400 persons attending the 30 games, counting participants and spectators. "Any program that can occupy the interests and time of so many in only 10 dates, is a worthwhile activity in any recreation program. We hope to offer an even better league next year if the interest and demand is there," says Skuban.

Trophies for the championship team and third place team were donated by the Wessman-Cunningham Sporting Goods store. Remaining trophies and officials were financed through the team entry fees. (Sp

Auto Buyers Warned; Be Wary Of Advertising Gyp

"How would you like to own a new car at no cost to you by participating in an advertising program?" is the opening pitch in a shell game that has invaded the field of new car selling.

Carl Dalke, manager of the automobile division of the Chicago Better Business Bureau, states that the customer who obtains one of these "no cost" automobiles actually winds up with a contract to pay for the car right down to the last bolt and nut.

* * *

THIS SELLING gimmick is nothing more than the old chain letter or pyramid club scheme tied in with commissions on referral sales.

The plan follows a basic pattern.

A friend or acquaintance shows up in a new car and tells you he got it at "no cost" as part of an advertising campaign — or you may receive a phone call offering a car "free".

* * *

HERE'S THE come-on pitch: "How would like to have a new 'Boulevard 8' at no cost to you by working on an advertising program? I can't explain the deal to you, but if you are interested, I'll turn in your name for an interview. I have my car and as long as I do a little work on the program, my car costs me nothing. You can do the same thing."

Naturally anyone would like to get a new car at "no cost," but don't be fooled by this deal, says Dalke.

If you agree to take a new car under the plan, you sign a "Representative's Commission Agreement" with the company. For every person's name you submit who buys a car under the plan, you get a commission, usually $100 it says. For every person's name your referrals send in, who in turn buys a car, you get an extra $50. Each new customer has the same privilege of making referrals.

* * *

IT BOILS down to this — it's a 2 step, endless chain. You buy the car and you're going to have to pay for it. The monthly payment will roll around, whether you make a single successful referral or not.

The promoter or so-called "advertising agent" can make the deal look both attractive and convincing. Here's his pitch on the chain referral commissions:

"Surely you know at least 12 people who might be interested in getting a new car. Our statistics show that 6 out of 12 people referred qualify to take a new car under the plan. At $100 each that means $600 in commissions right there. Each one of your referrals will submit names and be able to bring in 6 people who qualify. At $50 each, that means another $1800 and your car is paid for."

* * *

WHAT THE promoter doesn't tell the customer is that, as with all chain promotions, it is mathematically impossible to complete the chain. Starting with only one customer making 6 referrals resulting in sales, and with each new customer making the same number of referrals, the dealer would have to deliver over 10 million cars at the tenth step of the chain.

What's more, it's illegal says the post office. When submitted to the United States post office department, Office of the Solicitor, the Chicago Better Business Bureau was advised:

"The plan is regarded as an endless chain scheme, the operation of which conflicts with the postal lottery and fraud laws. All matter pertaining to the plan would be non-mailable."

* * *

IF YOU ARE approached on this deal, don't forget that it's nothing more than a scheme to sell you a new car. Mathematical odds say most buyers will be stuck with the full price.

Dalke emphasizes that the chain referral scheme is currently being promoted by only 3 or 4 dealers in the Chicago area.

The Chicago Automobile Trade Association, representing the new car dealers of this area, joins with the Chicago Better Business Bureau in warning against involvement in this plan.

4 New Steamships To Be Added To Ocean Fleets

Four new passenger ships will enter service between the United States and Canadian Atlantic ports and Europe in 1957, it was announced by Joseph Mayper, chairman of the Trans-Atlantic passenger conference, an association of 25 transatlantic steamship lines.

First of the new ships, for service between the United States and Europe, is Holland-America Line's Statendam, which arrived in New York on her maiden voyage on February 16, to be followed in May by Swedish American Line's new Gripsholm. The other two ships are for the Canada-Europe service — Canadian Pacific's new Empress of England, due in April, and Cunard's new Sylvania in June. All two-class ships, their combined passenger capacity will be 3,086 in tourist class, 624 in first class, for a total of 3,710.

MELLICKS CHILDREN'S SHOP celebrated its grand opening last weekend with a 3-day celebration. The giant children's shop located in the Rolling Meadows shopping center had approximately 8,000 people walk through its doors and view the facilities of the store.

Pictured above is a view of one portion of the store, the boys' wear department. The store is equipped to supply all of the needs for the children from infants through subteens for both boys and girls.

A new policy on store hours has been established. The shop will be open daily from noon to 9 p. m. for the convenience of those customers who prefer to shop in the evening.

Advertising Executive Praises Paddock Papers

The role of advertising in the expanding American economy was sketched for Arlington high school students as part of a Career day program last week.

Charles J. Zeller, 21 N. Kennicott, Arlington Heights, executive vice president of Guenther Bradford & Co., a 72-year-old Chicago advertising agency, was one of a number of speakers on the program.

"Our happiness and prosperity is predicated in a very material way," noted Zeller, "on freedom of the press and freedom of expression."

"Hence," he continued, "virtually everything we have and everything we enjoy in our country, except the spiritual, we owe to these freedoms and to those forces which have kept our freedoms alive and real."

* * *

THESE THINGS, he observed, would not be possible without advertising. Without it, the press, radio and television "would be forced to do the bidding and follow the policies of those who controlled them."

Zeller also outlined the inner workings of an advertising agency and the variety of career opportunities available in the field.

"Most young men and women wishing to enter the advertising field are welcome into the smaller agencies," he advised the students. Requirements for success are "a positive personality, imagination, a liking for people and ability as a self-starter."

Those who can meet the requirements will find the work "interesting, diversified, challenging and well paid," he said, but it also has its undesirable aspects. A few of these are "frustrations, ulcers, tedium, evening work and union and sponsor problems."

ZELLER CITED Paddock Publications as an outstanding example of a weekly newspaper offering good service to advertisers.

"It is a Thursday publication thus comes out on a day which meeets the requirements of the food advertiser. It contains numerous full page ads which tell a story to a space buyer. He looks for food ads, furniture ads and heavy ticket merchandise—these among others are carried in Paddock Publications," he declared.

Zeller is a director on the board of the Broadcast Advertising club of Chicago and a member of the Radio and Television Executives club of New York.

New Streamwood Model Homes To Be Open Mar. 3

Plans to erect 1,000 National Homes prefabricated houses this year on 300 acres on Bartlett road at Schaumburg road in the newly-incorporated community of Streamwood were announced by Quinn Hogan, president of L & H Builders.

Three model homes, featuring many planning recommendations advanced by housewives at the recent Women's Housing Congress, will be opened March 3.

Streamwood will eventually contain 5,000 homes, it is contemplated. Land planning and engineering is by DeSoto B. McCabe and Associates. Incorporation of the village followed a favorable referendum vote on February 9. Election of a village board will take place within the next few weeks.

ALL 3 MODEL homes in the development will have 3 bedrooms and one or one-and-a-half baths. Largest house in the group, the Sweetbriar, will have 1167 sq. ft. of over-all living area, and one-and-a-half baths. The Sunbury will be 1050 sq. ft. in floor area, and the Saratoga, 956 sq. ft. All will be frame construction.

Buyers will have a choice of 16 exterior elevations, with 7 different exterior color schemes and 10 interior color combinations. A choice of color in Eljer plumbing fixtures will also be offered, Hogan stated.

Floor plans feature such Women's Housing Congress recommendations as larger dining areas for entertaining, adequate wall space for placing furniture, better traffic circulation, and a "mud room" at the rear where children can remove muddy shoes and playclothes without tracking up the rest of the house.

Lots in the development will average 60-feet by 110-feet.

PRICES WILL BE in the $12,900 to $15,500 range.

The development will be financed through Percy Wilson Mortgage & Finance corp. Terms on VA loans are expected to be approximately $300 down, with monthly payment about $70 a month.

Streets in the project will be fully paved black-top with concrete gutters, curbs and sidewalks. Land is being set aside by the developers for public use.

The village will have its own sewage treatment plant and municipal water supply.

Commuter transportation on the Milwaukee Railroad at Bartlett is 1½ miles from the project. Lake Street and Irving Park road are adjacent to the property. The projected Northern Illinois Toll road is 1½ miles to the north.

Construction of a shopping center will begin in 1958, Hogan said.

To Aid Savings And Loan Group

Paul E. Collins, executive vice president of the Arlington Heights Federal Savings and Loan association, has been appointed to the 1957 insurance committee of the United States savings and loan league.

The appointment was announced by Roy M. Marr, Memphis, Tenn., president of the league, nationwide trade organization of the savings and loan business and represents more than 4,300 savings associations and co-operative banks.

The insurance committee studies the proper fidelity bond coverage necessary to protect savings association customers and reports latest developments in mortgage loan insurance designed to vest clear title in families when the head of the household dies before the mortgage loan has been repaid. (BB

Through the Oven Door by your Ceresota REPORTER

Cheese dried out? Try rubbing either butter or margarine along the cut edge before wrapping with waxed or foil paper. You'll find this helps keep cheese fresh and moist.

* * * * *

We're often asked why we refuse to use bleaching agents in processing Ceresota flour. "Why wait for the flour to turn white *naturally?*" people want to know.

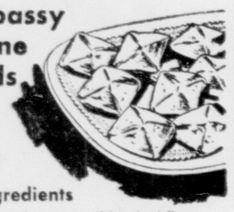
The answer is quite simple: We still process Ceresota the good old-fashioned way because we want it to be NATURALLY FLAVORFUL, NATURALLY WHOLESOME—NATURALLY WHITE. That's why we let Ceresota "rest" after milling—so that you can count on better texture, fuller flavor, and finer appearance in your home baking every time.

With all its UNBLEACHED, natural qualities, Ceresota costs no more than other flours.

* * * * *

For an appetite-awakener that's economical, too—try these "Embassy Prune Folds" which make a dish you'll be proud to serve to your special friends.

Embassy Prune Folds



Ingredients
5 cups Ceresota unbleached flour
½ cup sugar
¼ cup shortening
1½ cups milk
2 eggs (beaten)
1½ teaspoons salt
2 small cakes yeast
(or 2 packages dry active yeast)
¼ teaspoon mace
½ teaspoon grated lemon rind
30 prunes (soaked, cooked until soft, drained, pits removed and mashed)

Mix and add to prunes:
4 tablespoons sugar
½ teaspoon cinnamon

Scald milk, add sugar and salt and cool to lukewarm. Dissolve yeast in lukewarm milk. Add 3 cups of flour and mix well. Add egg, mace and lemon rind and beat well. Add melted shortening and remaining flour. Mix. Turn out on floured board and knead. Place in greased bowl, cover, and let rise until doubled in bulk. Punch down—let rise again. When light, knead a few times.

Roll dough into ½" thick rectangle. Cut into 3" squares. Place a spoonful of filling on each. Fold corners to center, pinch together. Place on greased cookie sheet and cover. Let rise until light; bake in 400° oven for 20-25 minutes.

Jewel Tea Announces Plans For Suburban Expansion

Chicago's home-grown giant, the Jewel Tea co., will open 25 supermarkets in the suburban area this year, according to firm's annual report for 1956, released Wednesday.

All of the new stores will be opened in the chain's present operating area, within 50 miles of Chicago. However the firm has decided to expand this area outward another 50 miles from the Loop in the near future. The move was made after an intensive survey of the sales potential of the area within 100 miles of Chicago.

It is expected that 12 of the new 1957 stores will replace smaller stores. One of the largest of the completely new units will be opened in Wheeling, probably in June.

* * *

THE REPORT notes expansion of facilities at its 2 large plants in the suburban area during 1956. Manufacturing facilities added at the Barrington plant included soluble coffee equipment, a packaging line for aerosol sprays and an assembly line for baking mix kits.

At the Melrose Park headquarters substantial progress was made last year in constructing a new 65,000 square-foot bakery expected to go into operation sometime this spring.

On March 12 Jewel will celebrate the 25th anniversary of its entry into the retail food store business. On that date in 1932 Jewel purchased, principally Loblaw Grocerterias, Inc., 81 stores located in the Chicago area. The stores had sales of less than $4.5 million, since expanded to 184 stores with a volume of $257 million at the end of 1956.

The year 1956 was the best in Jewel's 58-year history. New records were set in sales (up 11.4 per cent), earnings for shareowners (up 19.4 per cent) and earnings for employees. Nineteen new food markets with parking lots, self-service meats and air conditioning were opened in 1956.

They recommended that vets put their military experience to work in their community as a Marine air reservist. As the backbone of Marine aviation, the marines maintain 30 fighter squadrons and 12 radar units at modern, well equipped air stations, such as Glenview.

THE TRAINING which vets already possess makes them eligible for good pay as well as retention of their rate. Training consists of 2 days a month.

The ceremony has become international and will be repeated in 60 languages and 1000 dialects during a 24-hour period that day.

United Airlines Expands Service From O'Hare Field

United Airlines has announced it will double its scheduled passenger operations at O'Hare International airport.

The announcement follows Mayor Daley's statement that 11 major airlines plan an increase in airline service at O'Hare during 1957 from 90 to 159 flights daily.

United will operate 20 departing and 20 arriving flights at O'Hare daily or double its present schedule, said Morgan Nickell, district sales manager.

* * *

UNITED has operated more flights at O'Hare than any other carrier since start of service there, Nickell said.

Last year 263,000 United passengers used O'Hare, he said.

How fast will flight at O'Hare grow? That depends upon public acceptance of O'Hare, said Curtis Barkes, United's vice president.

* * *

"THE PROBLEM of frequency at O'Hare should solve itself with the introduction of jet transports in 1959 and 1960," he said.

"If the city's major flights serve O'Hare, and all the jets will, then the smaller connecting flights will have to serve O'Hare too. By that time a super highway system to the field should be completed, doing much to end reluctance of travelers to use the field because of its distance from the loop."

Fashionists Say 'Look Prettier'

The "Prettier Look" sets the fashion pace for 1957, according to the experts. And in this "globe trotting" world in which we live the pace is fast and far in scope for the fashions shown in high fashion magazines are now available to Miss or Mrs. America no matter where she lives. Typical of the styles this "World of Fashion" brings is this little jacket dress, which is being featured in the Spring Sears, Roebuck and Co. catalog right in your own home town! Beloved for it's look of luxury in softly draped silk, it appears in colors fresh and sweet as Spring garden flowers.

Accessories also accentuate the "Prettier Look" for they are more elegant, more lavish than ever, and carefully coordinated in colors to compliment the costumes with which they are worn.

So, Pretty Lady, be gay, be colorful, be feminine this season. You'll find the male gender welcoming the new trends!

Dollar-Conscious Homemakers Eye Practical Fiber Rugs For Floors

Durability, Extended Beauty Winning Features For Fibre

For those faced with the problem of selecting a soft floor covering on a modest budget, fibre rugs offer a practical solution.

So sensibly priced that almost any budget can include them, they provide advantages that should be considered by any dollar - conscious homemaker.

What is a fibre rug?

Actually, there are 2 types. One kind is woven of tough strands of kraft, a wood product of extraordinary strength that is given additional strength through twisting. The other kind, slightly more expensive, is made from these kraft fibres interlaced with wool-rayon-acetate yarns for added warmth and softness.

WHILE FIBRE rugs of either type are the least costly of all woven rugs, this is not as important to many persons as their practicality and versatility.

The phenomenal strength of kraft fibres gives these rugs a lengthy life span. And since most fibre rug patterns are reversible, the rugs can be flipped over for extended beauty as well as for durability of service.

Families with children and pets find fibre rugs most practical. Most "accidents" are harmless to the rugs and, in case of irreparable damage, it is not a "disaster" because of the low price. Lint and dust can be easily wiped off, since there's no nap to hold dirt.

Far quieter and more comfortable than bare floors, a fibre rug fits in well with today's casual, informal style of living.

PADS MAY BE used under fibre rugs if extra softness is desired, but they are not necessary. Just as it comes from the store, a fibre rug can be unrolled onto the floor. This ease of laying and removing a rug appeals especially to families who rent, since it means that this inexpensive floor covering can be moved readily from apartment to apartment, or house to house.

Gone are the days when the term "fibre rug" meant "grass rug," a mat intended only for use on an open porch. Today most buyers of fibre rugs select them for use inside the house — for year-round use in living rooms, bedrooms, dining areas and recreation areas.

Such a variety of patterns and colors is available in each price range that it is usually a simple matter to choose a fibre rug for any room in the house, whether furnishings are Early American, Traditional, Provincial, Modern or a mixture of these. The same napless weave and muted colors that make a fibre rug so attractive can give a room the feeling of added space.

TAKING CARE of a fibre rug is easy. Normally, sweeping it with a broom or carpet sweeper is all that's needed to keep the rug clean and fresh-looking. The suds of a soapless detergent can be used to do a major cleaning job right at home.

One of the leading manufacturers of fibre rugs, Deltox, makes them in all standard sizes; most patterns come in special sizes as well, in lengths up to 50 feet, for wall-to-wall effects and for rooms of unusual size or shape. Most floor covering, furniture and department stores carry the full line.

Prices for 9'x12' fibre rugs range from a low as $22.95 for an all-kraft rug to about $50 for the most luxurious blend of kraft and wool-rayon-acetate fibres. Prices vary slightly according to region.

Mail Ads Gladden Patient's Days

by MARY

One nice thing about being out of circulation, you certainly get caught up on your reading. Not only have I caught up on it, I have gone past in a blaze of tired eyes.

I have read everything in reach including the labels on medicine bottles. If anyone would like to know what aspirin contains and just how much, call on me. I am a mine of information.

FOR THE FIRST time in my life, I can quote word for word all the little tidbits contained in all direct mail advertising. Things that used to be filed in the wastebasket are now some of my choicest reading material. Those Lever brothers are mighty clever youngsters, what with their new products and all.

Take this morning's mail, which I did just as fast as I could get my good fairy to go to the mailbox and dig it out for me.

Why I am so eager for this stuff is anybody's guess, but I start screaming for the mail before the postman even gets off the porch. It is the highlight of my day.

IT WAS A stellar little group of envelopes today.

The Harvard Business Review editors have reserved a copy of 12 business problems analyzed—1957 just for father. Isn't that precious of them? They shouldn't have gone to all that trouble. Father has only one problem — money. Not the getting of it, but the hanging on to it.

According to the brochure, which had one of those little cards in a slot that are such fun to pull out because it is like playing fish pond, they are going to set him straight on such wonderful things. He will be able to recognize promotable executives which will be a great big help. And, he is going to have a clock for management control.

I hope this last will not do away with his wrist watch as we just got it for him a couple of years ago and the good isn't out of it yet. (S

Just Around The Corner From Patty McArdle

Delightful Home Remedies

Dear Peg:

While cleaning out some book shelves the other day, I ran across several very old books I'd forgotten I had. Among these delightful and often amusing treasures, acquired in antique shops, at rummage sales and from Grandmother's home, I found a cook book published in 1905.

At the end of the book, in a section titled "Home Remedies and Household Hints," I found some of the oddest and most unusual suggestions I've ever heard of.

For instance, this is the advice given for croup: melt butter and molasses together and give until child vomits. Or apply a cloth wrung out of cold water to the neck and chest, cover with dry cloth to exclude air and put a bottle of hot water to the feet.

If you should want to make a tooth powder this is the recipe: ½ oz. Peruvian bark, 1 oz. orris bark, ½ oz. myrrh, 2 oz. pulverized chalk. A good cough medicine is: 1 pint molasses, 1 tsp. oil of peppermint, 8 drops of oil tar, 2 tbs. alcohol. Mix well and add 1 tbs. ginger. To stop hiccoughs just take one tablespoon of quince juice.

And to stop alcoholism, oranges seem to be your best bet: in the morning before breakfast, an orange should be eaten, one about 9 o'clock, one before dinner, one before supper and one before retiring; continue one week. The second week 4 oranges per day will be sufficient, the third week 3 and the fourth week the tippler won't be able to bear the smell of alcohol.

For scarlet fever, diphtheria or quinsy spread tar on the throat and quite up under the ears; cover with a cloth and go to sleep, and wake up well. Only a brown stain will remain; it is easily washed off and is sure relief. (So says the cook cook). In the case of pneumonia take 6 onions, chop fine, put into a large skillet over a hot fire; add vinegar and rye meal to form a thick paste, stir and simmer ten minutes. Put into cotton bag large enough to cover lungs and apply as hot as the patient can bear. In about ten minutes change the poultice, continue reheating the poultice, in a few hours the patient will be out of danger (probably dead).

To stop nose bleeding, place a penny between the upper lip and teeth; hold there a few minutes. To stop colic give infants very warm water until they vomit. (This is not approved by Dr. Spock).

For inflamed eyes scrape raw potatoes and apply as a poultice. Renew as it gets dry. For cracked lips—cover with inside of egg lining.

Ear ache can be cured by roasting onions and tobacco together, squeezing the juice and dropping it into the ear. And for tonsilitis cut up lovage root and fry in lard. Apply as a poultice. Boils will soon disappear if covered with equal parts of honey, the white of an egg and enough flour to make a paste.

Let me close with this one last remedy: if by any chance you've been plagued with the ague your worries are over: buy 5 cents worth of frankincense, crushed, add one grated nutmeg and put into thin muslin bag. To be worn over pit of stomach.

My love,
Patty.

WHILE A CHICAGO NEWSPAPER is trying to decide if women residing in the suburbs are style conscious in their selection of hats, a reporter snapped the above at the Arlington field house Monday. The nurse's club conducted a hat sale. Left to right are Ruth Redeker, Mary Claire Gerlock, Lenore Schlack and Pat Skanfer. The society editor says that above is proof that suburbia women know their hats.

How To Survive A Normal Child

Parents, bruised from verbal beating for their children's errors, have a friend in Dr. Fritz Redl, noted international authority on parent-child relations.

"Parents have a right to survive. The adult world need not stop completely for children," says Dr. Redl.

* * *

HE INSISTS that parents who are completely permissive actually hurt the children. But, he says, violent action is not the answer.

Dr. Redl warns against overacting. When Junior repeatedly gets his parents' dander up, they may wait too long to correct him. They worry about their mistakes of, say, five years ago with their children. So they sail into an incident with 5 years' emotion piled up. The present incident has plenty of emotion of its own, so it shouldn't be carried into the parent's fears, he says.

* * *

IN MAKING another comparison, Dr. Redl jerks an imaginary plant upward and says, "Will it grow any faster if you pull on it? Overacting in a parent-child problem is like tugging on a growing plant. It doesn't help."

Another fault of many parents he says, is "fighting windmills." If you battle with your kids, battle about something real, not imaginary, he advises in the article. "They're clever at getting you sidetracked. Then they're righteously aggrieved."

* * *

PARENTS DON'T need to know all the causes of behavior in order to act wisely, according to Dr. Redl. Parents must, however, make a habit of looking below the surface for the real problem. There are several possible reasons for impudence in children. In living with adolescents, you can't afford to judge on surface behavior. Find the meaning of the unwelcome behavior and then deal with it accordingly. And don't always act when you're both excited. Take time to think.

Also, don't squash all rebellion. If you quell intelligent protest, you'll have a problem adult. You want your youngster to have enough strength of mind so he can say "No," comments Dr. Redl.

* * *

THE POPULAR picture of delinquent adolescents as "rebellious" is not a ture one, according to Dr. Redl. Their trouble is just the opposite of rebellion. It is conforming too easily, too readily, too fearfully to group suggestion. He believes parents can help teen-agers avoid group trouble by giving them support when they rebel intelligently at home. When a youngster makes a point, when he sticks to a conviction, when he insists on doing what he believes is important, he's keeping his integrity. He's not crawling under the table, afraid to live.

Every age holds behavior traits that are perfectly normal, although somewhat upsetting for parents. This experimental behavior is necessary, but parents should maintain some control or it can be dangerous.

* * *

AMONG OTHER things a parent must keep in mind, Dr. Redl says, is the ability to say "Yes" and "No" in cheerful, final, clear-cut fashion.

"Most problems with children can be solved by looking at them patiently. But parents don't need to be continually uncomfortable about ruining their children. Children aren't as fragile as you think. If they're accepted and loved, and their basic needs are met, they'll get along. It takes about eight years of hard effort to really mess up a kid, and you can't do it alone," Dr. Redl says.

Favorites For Flavor

Here is a different way to prepare tuna, and it is delicious, too! Made in a casserole, this dish does not contain noodles. Instead, the tuna is combined with a cream sauce made with sour cream.

Mushrooms and peas are added to the sauce, too, and the casserole is topped with crushed potato chips and strips of pimiento.

The casserole is attractive in appearance, and the sour cream makes it especially flavorful to taste.

This recipe is a favorite of Mrs. Frank B. Benevich to serve for luncheons. She accompanies it with a molded jello or tossed salad and warm rolls.

And to top it off, what would be more elegant than her favorite dessert recipe, Angel Pie?

This pie consists of a meringue shell filled with custard and topped with whipped cream. The meringue is best made the day before, and can even be prepared a week in advance.

Mrs. Benevich has a favorite custard filing recipe, but you can use prepared custard mixes, or even fill the shell with ice cream or frozen fruits. And the whipped cream may be tinted for an extra festive touch.

No matter how you choose to prepare this versatile recipe, Angel Pie is truly a heavenly dessert.

The Beneviches live at 307 W. Willow in Prospect Heights. They have two children: Mary Jane, 10, and Alan, 14.

Mrs. Benevich is school nurse at the Prospect Heights school, and both she and her husband enjoy bowling for recreation. She also belongs to the Prospect Heights Book Review club and is a member of the PTA.

Religious Man Seldom Lonely

by LELAND ELLIS TRUXELL

One of our discoveries during the 2 trips we made this summer by Greyhound (which is a wonderful way to travel, incidentally) was that everywhere we went, people were lonely.

Their eagerness to talk while riding on the bus, their willingness to spill out their life stories, to laugh and to visit, seemingly trying to crowd into this one trip all the untold stories of trouble and joy, showed their loneliness.

* * *

IT SEEMS that many people are not sure of themselves; are confused and uncertain about life's problems, and seek an answer.

Why this lonesomeness should be so general, I do not know. As long as we live our lives to the best of our ability, there should be no regrets, or remorse. It must be that people feel inadequate—feel that perhaps somewhere along the line they failed, and need assurance, sympathy, and understanding. The inner unrest and lonesomeness of most people have troubled me and I have tried to find an answer. Two reasons for it seem significant.

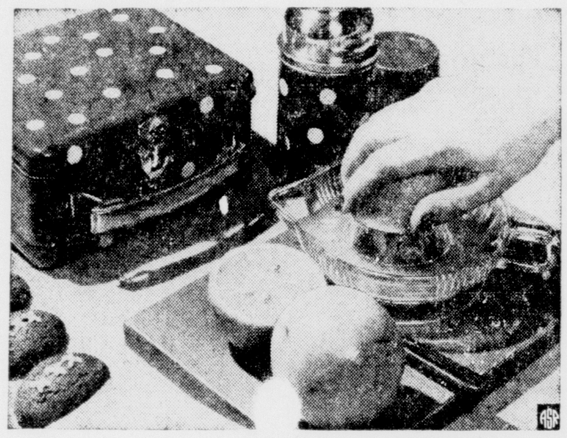
* * *

FIRST, and so startlingly clear that there can be no mistake, is that the more religious an individual is and the more faith he has in God, the more contented and happy he is. It seems that faith in Christ strengthens the individual, gives him self confidence, more ability to bear loneliness and misfortune, more cheerfulness, and a better sense of belonging and direction. The christian has a moral standard to live up to, Christ to guide him, and prayer to strengthen him. He has forgiveness for his past, and a lively hope for his future.

Secondly, many people are strikingly immature emotionally. They seem to need pity, and understanding, and feel that their personal problems are greater than those of others. They want encouragement and praise; give them sympathy and praise in big gobs, and they are your friend. They seem to want leadership, yet resent being told.

But people we met were friendly, eager to please, generous and genuinely greatful for a chance to be helpful. (B10

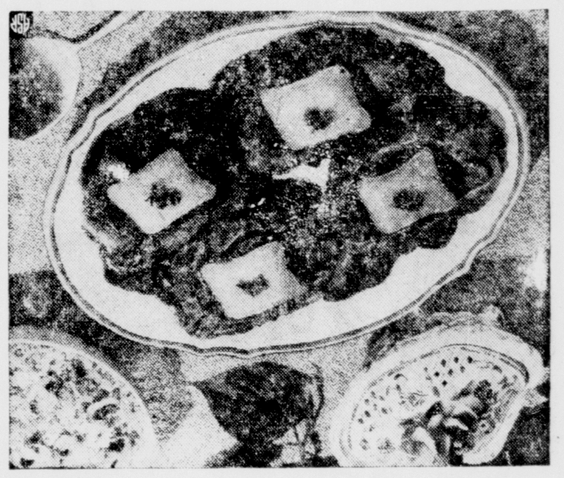
Orange Juice Travels



Whether the lunchbox is bound for school, factory or office, it's a good idea to include orange juce. Working men and women as well as children need the energy and vitamin C the tasty juice provides. Put enough in the thermos container for a mid-morning pickup as well as a lunchtime treat.

From every five pounds of juice oranges you'll get at least one quart of flavorful juice, thanks to their thin skins. Protect your family's health by serving orange juice daily.

Lamb Chops, Pizza Style



Tird of humdrum meals? Why not try a cook's tour of your own design and serve, in appropriate Italian setting, Pizza Lamb Chops and Risotto — an admirable way of cooking rice as essentially Italian as spaghetti, a tossed green salad, with that famous soft custardy wine dessert — Zabaglioni (hot or cold) to finish your adventuring with a flourish.

Good cook books will plot your tour and furnish the tickets for all but our unusual.

LAMB SHOULDER CHOPS, PIZZA STYLE

Yield: 1 chop per serving

Choose ¾-inch thick lamb shoulder chops, arm or blade bone, allowing 1 chop for each serving. Using a heavy frying pan or electric skillet, brown each chop carefully on both sides in a small amount of butter or drippings over moderate heat. Sprinkle each with salt coarse-grind black pepper, garlic salt.

Spread 1 tablespoon tomato paste over each chop, then sprinkle with ⅛ teaspoon of oregano. (Marjoram or thyme may be used.) Top each chop with a slice oa Mozzarella cheeze without which Pizza is not Pizza Spread the cheese with an additional teaspoon of tomato paste. Sprinkle liberally with chopped parsley, and, if you like, add strips of flat-packed anchovies.

Cover the skillet tightly and simmer very slowly until chops are fork-tender, about 45 minutes. If moisture is needed, a bit of tomato juice, stock or water may be added. If desired, a thin slice of cheese may top each chop five minutes before serving Serve piping hot.

Potent Mother-Daughter Team Bolster Red Cross

Mrs. Gerald W. Sanders, chairman of the 1957 Red Cross Fund campaign in Arlington Heights, has a daughter who is as "Red Cross minded" as her mother.

So said Mrs. Sanders recently, when she accepted the fund chairmanship for the second time.

Fund chairman in 1953 for Arlington Heights, she has worked in various capacities in other Red Cross campaigns prior to the 1953 campaign.

* * *

"MY INTEREST in Red Cross has always been keen," said Mrs. Sanders, "and I guess that's what prompted my daughter Caryl to want to become a Red Cross swimming instructor when she got into high school."

Caryl A. Sanders was certificated as a volunteer Red Cross swimming insturctor in the summer of 1955, and immediately began to assist the Red Cross staff directors of the swimming program in the northwest suburbs in the summers of 1955-1956-1957, teaching in the water safety program not only in the Arlington Heights swimming pool, but in the pool at Palatine and at the Playdium in Glenview.

* * *

WHILE ATTENDING the University of Arizona at Tucson last fall, Caryl was elected to be one of the Red Cross swimming instructors in the program at the university.

Mrs. Sanders plans a fast campaign of covering Arlington Heights in the on-coming campaign. (A

United Appeal Obvious Answer To Ills Of Fund Raising In Northwest Suburbs

Charities have become big business, and suburbia is a big customer. Residents of northwest communities have consistently opened their hearts and their pocketbooks to dozens of worthy causes.

But many residents are wondering, and justly so, who opened the floodgates to the deluge of fund-raisers now in the neighborhoods. The multiplicity of appealers has always been a source of comment, but in the past year or 2 it seems to have mushroomed completely out of control.

In the course of a normal "business season," the typical resident can expect to be called upon for donations to 10 to 20 appeals.

The obvious answer to these charitable ills is a united fund drive, an idea which was tried once locally and failed because

(1) participating agencies declined to give the united appeal the same organized effort they rendered their individual fund-raising efforts; and

(2) individual charities complained they collected less money from a united fund.

Just because the idea flopped in one northwest community — Arlington Heights — doesn't mean it won't work in another time and place. Lots of excellent ideas look better the second time around.

Today about 75 Chicago suburbs have adopted the "one-gift" plan. The nearest is Des Plaines, and with conspicuous success. The overwhelming acceptance of the united appeal is at least partial proof of its merits.

What are these merits?

Foremost, to the husband or wife who answers the doorbell at any rate, is that it does away with the nuisance and impracticality of repeated solicitation.

This feature, however desirable, does not constitute its main benefit. The finest feature of the yearly donation system is that it makes for wiser spending of charitable funds.

Under the present operation, each fund-raising group shoots for the moon and the bewildered giver must try to figure out his own budget. In a town with a Community Chest, a board of local citizens decides how much money to allot to each member youth and welfare agency. They take into account such vital factors as the kind and amount of service each agency offers the community, the source of income of each agency and local needs for various services.

This approach — which bases decisions upon expert knowledge — is the only fair way to distribute such moneys. It is fair to the giver, to the receiver, to the entire community. No group would be left out in the cold, dollar-wise, because it couldn't find people to work for it. Any group, a school for retarded children, family service agency, scouting council or what have you, could join.

If there were local Community Chests, there would also be fairer allotment of funds which flow into the northwest from other suburban areas. The money comes from the Suburban Community Chest Council, a 9-year-old organization composed of most suburbs with chest drives.

The council acts as a clearing house for donations made in one town but meant for elsewhere. A man who gives at his place of work, say in Elmhurst or Berwyn, can ask that all or part of it be sent to his home town.

This year Arlington Heights and Mount Prospect will receive more than $1,000 in 1957 under the plan.

The hitch in the arrangement is that with no local Community Chest to advise, the Suburban council can only divide the money equally among those who apply for it. Too few agencies are aware of the existence of these funds. The result is a poor way of parceling out the sums.

As the amounts returning here from other towns increase, it becomes more important to allot them equitably.

(Donations made in Chicago cannot, however, be earmarked for suburban communities. Chicago is the only big city in the nation without a single fund campaign on a metropolitan basis.)

The population of the northwest suburbs spurts ahead by thousands yearly. The area's need for character building and character savings organizations grows with it.

To insure fair, sensible distribution of the dollars we are now giving in a helter-skelter manner, let's set up Community Chests.

Ouch!

Letters From Our Readers

The Fence Post

Medinah Madness

Medinah, as a whole, is a community of nice people, but there is a small group of selfish people trying to govern every decision that must be made. Mixed up people, you bet!

Our area is split down the middle for church boundaries; fire protection districts divide us again.

Our mailing addresses are in 3 groups, and now there is talk of abolishing our post office.

We are in 2 school districts and there are 4 independent home owners groups— one working against the other to consolidate. Most of the people sit back and let this minority group run the show.

* * *

NOW WE have a crisis in our grade school. The children are on a triple shift day, with school in session from 7:45 a.m. to 4:45 p.m. every day. Complete bus transportation cannot be provided where required and there are no patrol boys to guard the crossings anymore. The few extra curricular activities had to be omiited because of lack of time.

The school board has been fighting for an addition to the school, with an all-purpose room large enough for assemblies, lunch room, gym-meetings and such.

Again, this group, opposed to every improvement suggested, is fighting even the children's progress. Gym classes are harmful to a child, school assembly programs, music and art programs are not necessary in school and taxes are going sky-high, they scream.

Doesn't everyone know this and feel it? Why take it out on a child and his education?

* * *

IN THIS changing world of today, eevery child needs as much of an education as we can provide, yet the people in the community are being led astray by this group of selfish people. Neighbors are anything but friendly anymore and the children are bearing the brunt of this unfriendliness among their parents.

There are so many versions of stories, plans and propositions floating around, no one knows which to believe. Mis-informed people cannot express true impressions or opinions.

Is it any wonder that I call Medinah a "crazy-mixed up" place in which to live?

Public Nuisance

Now that the new Pleasant Hills school has been opened, and spring is just around the corner, many children will be playing on the way home from school. There is a public nuisance near this school that we should get rid of before any children are hurt.

I am referring to the remains of the shack on W. Illinois st., about 500 feet east of Cedar st. This broken down derelict is a lure to children of all ages, and just as detrimental to their safety as an old ice-box or refrigerator. Why should we wait until some child is hurt before it is condemned?

Inasmuch as this relic is not in the township proper, I hope the school board and village officers can contact the right county officials and put pressure on them to have it torn down.

Express Joy

If I may, I would like to use your Fence Post Column to say thanks. This is a very small word to really express my feelings, but it will have to suffice. I want to say thanks not only to the Paddock friends who wrote, but to the many others of your readers who wrote and told my wife and I that they were praying for our little daughter. I am real happy to say that due to their prayers, which I am sure were the responsible factors for guiding the doctors hands, my daughters life has been spared. If it were at all possible I would like to shake every hand of those friends.

AT ONE TIME or another in all our lives we all know what real joy is, now because of our former friends, neighbors, and fellow workers both my wife and I can understand and feel that joy.

Gambling Interests And State Police Bill

by REP. PAUL SIMON

In his inaugural message, Gov. Stratton asked for an increase of 600 in the number of state police. Joseph Bibb, director of the department of public safety (which is in charge of the state police), has asked for an increase of 200.

Should there be more state police?

There's a real storm brewing over that question.

THERE ARE really 2 questions involved — one of them may not be discussed too frankly on the floor during debate, but it's the big issue in the informal get-togethers legislators have.

That issue is whether the state police should participate in gambling raids.

The state association of sheriffs says no. And it has some powerful supporters, including the state treasurer.

WHY SHOULD the sheriffs' association be against state police raids of gambling establishments?

That's a good question.

"Home rule," some of them say. But that's not really it. And the more you look into the matter, the harder it is to come up with the real reason for opposition to the gambling raids.

Unless you come to the simple conclusion that the gambling gentry are the big contributors to the political campaigns for sheriff candidates and other candidates in some areas; and in some cases the gamblers put out enough money to pay for considerably more than the campaign expenses.

If the state police close down the gambling operations, you would think that law enforcement officials would be pleased at the assistance they are receiving.

* * *

IF THEY'RE not happy because the state police are making raids, sometimes it may be because these "law enforcement officials" are interested in seeing to it that the gambling continues.

And we come back to our question, "Why?"

That probably won't be the big part of the discussion on the floor of the House and the Senate, but it will be a big consideration in the minds of many legislators as they vote.

And for many reasons, this is unfortunate.

The "gambling issue" crowds out some very legitimate questions about how many additional police the state does need, if any.

* * *

MY FEELING is that we probably do need some additional men, but I fear that the real merit or weakness of this proposal may not get the consideration it deserves, because of this other issue that dominates the picture

Both Gov. Stevenson and Gov. Stratton have used the state police to raid gambling operations when, in their opinion, local law enforcement has not taken care of the job.

This seems to me to be a wise policy.

Local officials should be urged to take the initiative, but if they fail to do anything, then the state police should step in.

The influence of the professional gambling element has not been a healthy one for our government. If we can use the state police to lessen that influence, they will be performing a rightful and necessary function.

Word was received of the death of Dr. E. W. Wood at his winter home in California. Dr. Wood lived in Oak Park until failing health caused him to give up his large practice. In October, 1894 the doctor married Mrs. Emma Williamson and has since then lived in Palatine. He loved Palatine and took great interest in the M. E. church, but the damp weather compelled them to spend their winters in California. When he left last fall, the doctor seemed to realize that he would never see Palatine again and it was with tears in his eyes that he said good-bye. Death occurred Feb. 24, aged 78 years.

PALATINE—Collector Heise says the taxes are coming in fast. The high prices for farm produce the past year, has put the farmer to a happy frame of mind, which in turn reflects to the business houses and likewise from there to the people in general. There is little or no grumbling and collector Heise is so well pleased with the promptness of the tax payees that he has practically given his consent to be a candidate for re-election.

Roselle — August Heine, who has been working for Fred Bohne, the past 10 years, was killed at Roselle depot, Feb. 21, while handling one of the larger depot express trucks.

Itasca—W. H. Henricks received a car load of brick for the foundation of a new house which he will build this spring. William Meyer of Arlington Heights, has the contract for mason work complete.

ED. J. HOIT will open March 1, a meat market, also carry a select stock of groceries in the Blume market, on the south side, and solicits a fair share of the public patronage.

Bensenville — The capitalists of Du Page county have started a baseball league, the first meeting will be held at Glen Ellyn, where organization and membership will be taken up. Geo. E. Franzen and Ed. B. Freie were elected delegates from Bensenville.

W. F. Dunteman will build 2 more green houses this spring, each 200 feet long by 30 feet wide, when he finishes these, he will have 40,000 square feet of glass, he also bought the material belonging to Mrs Paul Lane's green house at Glendon Park.

Fenske is spoiling the beauty of his home. He had John Huber cut all those big shade trees. He will move the old saloon to the corner of Center and R. R. streets, turn it around facing east, open a driveway in front of his house, build sheds and make other changes. We can't call it improvements.

Twelve years ago he moved to Arlington Heights and joined the Methodist church. During this time he made his home with the J. P. Hausam family.

Some Palatine farmers are holding potatoes in their cellars expecting to get $5.00 a bag. One man was kind enough to sell 10 bags to a local business man for $4.00 per. The bottom can be expected to drop out of the potato market soon. Eggs dropped down to 30 cents over night Tuesday, with the result that those of our store keepers who had several cases on hand are losers. One Elk Grove farmer took a truck load of onions to Chicago last week and received over $900.

Jake Arnold has retired from the firm of Fassbender & Arnold, after being in business many years.

The rural mail carriers of this and the neighboring towns have been loaded down the past week with "gold bricks" that are being mailed to the farmers in hopes in separating them from some of their heard-earned cash. The "bricks' are colored with finely illustrated pages of "bargains" that have hitherto brot many dollars to the mail order houses. On account of the high prices that are prevalent every where, the catalogue houses realize that every means known to them and their advertising writers and artists to deceive the people must be exercised at this time to keep their customers ignorant to the true market conditions today.

* * *

ON ACCOUNT of the new laws, that prohibit misrepresentation in advertising the catalogue houses are compelled to rewrite many of the advertisements appearing in the catalogue as you will notice by comparing the late ones with the older issues.

Those who have hitherto paid little attention to trade-at-home arguments, such as better quality, home spirit and mutual town benefit, now find themselves face to face with the question as to whether they are willing to pay the mail order houses more than they do their home merchants.

The Arlington Heights National bank is open, and there is a new zest to the business life of that town. The situation has created a condition that is confounding village officials.

Punishing The Innocent

(Chicago Sun-Times)

A child born out of wedlock is not guilty of wrongdoing but the victim of it. Yet, State Rep. William E. Pollack (R-Chicago) has introduced a measure in the State Legislature that would punish these unfortunate and innocent children.

Pollack's bill would limit aid-to-dependent-children (ADC) payments to the first child of an impoverished, unwed mother. Any other children that she might bear out of wedlock would be ineligible for ADC payments.

At a hasty glance, the measure may appeal to some taxpayers who resent being taxed for relief payments to people whose behavior and conduct are repugant to those taxpayers. And there is no denying that in numerous cases, unwed mothers have been encouraged by the prospect of bigger ADC payments to bear several children.

The Sun-Times defers to no one in its advocacy of government economy, but we do not believe that it should be achieved by inflicting misery and suffering on guiltless children.

The Pollack bill attacks the symptoms of the disease and not its cause. It is a measure that runs the gamut of legislative irresponsibility, being at once reprehensible, phony and

It is reprehensible because its purpose is inhuman and un-Christian.

It is phony because it would not accomplish what Pollack pretends it would. A child who is starving because of a lack of ADC support would be taken into Family Court as a dependent child. He would become a ward of the state and probably placed in a foster home at state expense.

It is goofy because it would make Illinois the laughingstock of the nation in a grim and heartless sort of way. For it could be taken as official state approval of the practice of every woman bearing one child—though no more—out of wedlock.

The social evil involved in the problem of the unwed mother has complex roots reaching into almost every aspect of human society. It is an evil that can best be coped with by the churches and the social workers—not by Rep. Pollack.

Pollack's approach to the problem somehow reminds us of Jonathan Swift's suggestion that poverty could be abolished if the people would eat the poor's children and make gloves from the skin.

As Pollack has aptly pointed out, there is a moral issue involved. It is a moral issue of charity, which he has neither recognized nor set in his coldhearted bill.

Scientist Studies Human Digestion Of Milk Sugar

University of Illinois studies are using radioactive Carbon 14 atoms to find out how a cow makes milk.

R. G. Hansen, dairy scientist working on the problem, says that humans break down the sugar in milk in the digestion process almost opposite of the way a cow puts milk together in her udder.

* * *

IF THE STUDIES show how a cow makes milk sugar, the scientists will be able to find out how humans digest it.

Hansen uses a vacuum concentrator to isolate substances called coenzymes from milk sugar. Cows use coenzymes to make the milk sugar in the first place. By isolating these substances, Hansen is able to control the conditions in laboratory experiments so that results can be measured and studied.

* * *

ANOTHER PROCESS separates coenzymes from liver extract where they are found in large quantities.

In the test, the scientists inject radioactive Carbon 14 into a cow's udder. Then they extract the coenzymes from the milk she gives and measure the radioactivity of each coenzyme. The amounts of radioactivity measured tell them how much of each enzyme was used in each step of the milk-making process. (Fm

Guernsey Sold

Gertrude McNaught, Elgin, Illinois & W. H. Odlum, Roselle, have sold the registered Guernsey bull, Boulder Bridge Scotsman according to the American Guernsey Cattle Club.

The purchaser was Consolidated Breeders Cooperative, Anoka, Minnesota.

This bull is out of the fine Guernsey cow, Douglaston Lady Lucy that has an official production record of 14,762 pounds of milk and 780 pounds of fat, made on 3 times daily milking in 365 days. He was sired by Boulder Bridge Design. (Fm

Livestock Industry Attacks Free-Loading Parasites

You may think that an out-of-work "in-law" is the greatest "parasite" in the world.

But the average human "free-loader" is nothing compared with the parasites that plague the livestock industry.

DR. R. E. BRADLEY of the University of Illinois college of veterinary medicine says that the nation's livestock industry suffers a multi-million-dollar loss from parasites each year. The loss in cattle alone is close to $30 million. Yet cattle are believed to suffer less from parasites than some of the other farm animals.

Until a few years ago most livestock health officials felt that parasites in cattle were relatively rare and not too important. Now they know that heavy losses occur in cattle because of such parasites as stomach and lung worms, coccidia, and others. Although these parasites sometimes cause sickness and death, usually the greatest loss comes from unthriftiness and lowered rates of gain and production of milk and eggs.

BUT DR. BRADLEY says the news about parasites isn't all bad. Veterinary medical research is coming up with some answers to the problem. Recently research men have found a new kind of treatment that seems to work more quickly and effectively against ascarids in poultry, hogs and horses.

Research in the field of calf parasites indicates that when calf pens are moved to clean ground every 7 days, there's less chance that the calf will reinfect itself with parasites.

Dr. Bradley says this last point indicates the importance of sanitation in combating parasites. He points out that, although new medicines and other treatments have been developed, good management and sanitation practices are still the most important measures in preventing parasitic diseases.

THE SUREST way to control parasite infestation is to prevent the animals from picking up the eggs or coming into contact with animals that have parasites, Dr. Bradley says. Raising young animals on clean ground and apart from older ones is of first importance. Once an animal is infested, the aim of all treatment and management is to break up the vicious life cycle of the parasites involved. (Fm

Record Cow

A registered Guernsey cow, Lockshore Dukes Rosey, owned by W. H. Odlum, Roselle, Ill., has completed an official production record in the Herd Improvement Registry division of the American Guernsey cattle club.

This record was for 13,323 pounds of milk and 689 pounds of fat.

"Rosey" was a 5 year-old, and was milked 2 times daily for 305 days while on test.

Coming Auction

Gordon and Bill Stade will hold a consignment auction March 30 on Emil Berlin farm 2½ miles west of Palatine.

Roast Tender Meats For Flavor, Nutrients

The degree of tenderness usually determines how you should cook meat.

Tender cuts are best cooked by dry heat methods, of which roasting is the most common, says Virginia Charles, University of Illinois home economics foods research associate.

Roast tender meat in an uncovered pan, and serve the drippings with the meat or make them into a sauce, soup or gravy. In this way you'll be sure to get most of the original vitamins and other nutrients.

THE RECOMMENDED temperature for roasting beef, veal and lamb is 300 degree F. Since cooking conditions vary with the size of the cut, kind of meat, amount of surface area and other factors, a meat thermometer is your best guide to doneness. The thermometer should be inserted where it will give the internal temperature of the center of the cut.

Internal cooking temperatures for beef are 140 degree F. for rare, 160 degree F. for medium and 170 degree F. for well done. Veal and lamb are usually cooked until well done.

Pork always needs to be cooked long enough to bring out the full flavor and to kill organisms responsible for trichinosis. Pork should register an internal temperature of 185 degree F. (Fm

Choice Of 3 Record Plans Available To Dairymen Here

One of 3 record-keeping plans can be used by every farmer with dairy cows in Illinois.

J. G. Cash, extension dairy specialist at the University of Illinois college of agriculture, says they are the dairy herd improvement association, owner-sampler and weigh-a-Day-a-Month plans.

Each of these plans is a confidential system in which the results are given only to the herd owner, Cash emphasizes.

* * *

FORMS USED in each plan are now uniform, throughout the United States, according to the specialist. All 3 are recommended by the extension service of the college of agriculture. Each has its advantages — you simply choose the one that best fits your own situation.

All of the plans supply information to the cooperating dairyman that is useful to him in culling, feeding and breeding his dairy herd.

* * *

DHIA EMPLOYS fieldmen to weigh the milk, collect milk samples to check weight of butterfat, compile the information and advise the herd owner. Under the owner-sampler system, the owner himself weighs the milk and takes the samples. Butterfat tests and weight calculations are made in a central office.

Under the weigh-a-day-a month plan, cooperating dairymen weigh the milk of each cow on the 15th of each month. The records are calculated in a central office. This service costs about 60 cents a cow each year and provides effective records.

This fine warm weather reminds one that the spring season may be just around the corner.

If so, one will be directing his thoughts to his lawn, flowers and garden. From time to time, I'll supply you with timely informational material in this column on these subjects.

This week, I read an interesting article in the "Planting News," prepared by the American Association of Nurserymen on the rose. Following are excerpts from the article.

* * *

FOR VERSATILITY, the rose stands out among flowering plants. Its amazing popularity has lasted for many years and seems destined to go on forever. The popularity of the rose is due in large measure to alert and talented hybridizers and growers who never rest on their laurels, but who each year invest large sums of money and human energy to produce ever better varieties. Our hats off to them.

Think of the versatility of the rose! It can be worn as a corsage; makes an ideal flower for the dinner table or other home decoration. The aroma of the rose is subtle. It always pleases, whether growing in the garden, or used as a cut flower indoors. The plant itself with only moderate care can be grown by everyone.

* * *

THE FLORIBUNDA and the newer Grandiflora classes of roses are practically ideal for the average home owner, producing dozens of blooms in all colors. For perfection of bloom the hybrid tea rose often is preferred. For great masses of color, the rose climber stands alone.

A reasonably fertile soil is all that is needed to grow roses well. Their range of soils is from sandy loam to fairly heavy clays. A formal rose bed may be prepared by spading up an area to a depth of twelve to fourteen inches and adding organic material such as peat moss, plus a sprinkling of a balanced organic or commercial fertilizer. Or, without making a formal garden one may simply dig a hole in fairly good soil to a depth of twelve inches or so, then pulverize the soil with trowel or spade add a handfull of fertilizer and plant, according to the American Association of Nurserymen.

* * *

ROSES THRIVE with full sun, or partial shade. Watering should be done in the morning preferably. Use of an all-purpose rose spray is recommended every few weeks for the best results. Like any plant, the better care roses are given the better the blooms will be.

Problems of farm irrigation will go through the "Third degree" at the University of Illinois on Thursday, March 21, 1957. This is the date set for the irrigation clinic sponsored by the Department of Agricultural Engineering in cooperation with the Sprinkler Irrigation Association and Soil Conservation Service, the Illinois State Water Survey and Southern Illinois University. Scandinavia Eyes Heated Streets In Cruel Winters

by BILL DILLINGHAM

This could mean the beginning of heated streets in Scandinavia!

The Hansen optical shop in Copenhagen (Kobmagergade, 19) has posted huge heaters outside of their store. These serve the purpose of melting the snow on the sidewalk and permitting pedestrians to warm up for a moment in Scandinavia's cruel winters.

Needless to say, while warming up the people have little else to do than to look at the store window and the display of optical goods.

"Don't mention it here in Denmark," Manager Jensen confided, "but this idea has actually doubled business for us."

A major drawback, lamented the manager, is the number of moneyless warmer-uppers. The unemployed element (in which word travels fast) and an occasional tramp station themselves outside the window pretending to be deciding upon new glasses.

WHEN THIS happens, manager Jensen turns off the heat. "People of that kind," he said, "you just have to freeze out. Otherwise they would stay there all day."

The cost of this heating scheme adds up to very little more than that of a neon sign running 24 hours a day. Hansen's have turned off their sign, day and night, and limited other electrical expenses which were directed at advertising. The heated sidewalk has proved to be far more successful.

This store is using 3 3,000-watt heaters in conjunction with appropriate reflectors, involving a total electrical expense of 15 cents (U.S.) per hour. Copenhagen has 3 rates for electricity, depending on what a citizen wishes to use it for.

Several weeks ago a man riding a bicycle slipped on the icy street and, people thought, had broken an arm. Passers-by immediately stationed him in the warmth in front of Hansen's. Some time later a woman twisted her ankle and people helped her to the warm sidewalk to await a taxi home.

* * *

"OF COURSE we hate to see things like that happen," one of the store clerks said. "But that helped business. Five people bought things just after that second accident."

Many of the sales come from pedestrians who are caught unaware and surprised by a block of warm air in the middle of winter. They stop, investigate, then make friendly inquiries inside the store. (B10

Soil Research Scientists Use Blood Test Apparatus

University of Illinois soil scientists are studying the nitrogen and protein content of soils with equipment used to study the content of blood serum.

Frank Stevenson, who is doing this research, says that very little is known about the chemistry of nitrogen compounds in the soil. Nitrogen differs from other soil nutrients because it occurs almost exclusively in the organic form.

* * *

ONE REASON a test to determine the amount of nitrogen in the soil has been so hard to perfect is that the amount of nitrogen released from organic matter varies with soil temperature and moisture, Stevenson points out.

Several tests for nitrogen have been proposed in other states, but Illinois soil scientists have not considered them too successful. Before a suitable test can be devised, they feel that more research must be done on the chemistry of nitrogen in soils. Progress is being made in this direction, and it is possible that a satisfactory test can be developed in a few more years.

* * *

THE FAMOUS Morrow plots at the University of Illinois have also been used in part of this soil nitrogen and protein study. The proteins in the soils from the untreated continuous corn plots were found to be low in the kinds of amino acids that would be ready sources of nitrogen. The proteins in the soil of the rotation plots that had received soil treatments were high in the amino acids that would supply nitrogen.

So this research has shown not only that intensive farming depletes the soil of proteins, but that the protein material that remains is of low quality.

The time-consuming basic research is a necessary part of most successful advancements in soil science, Stevenson explains. He points out that many years of basic research were required on the chemistry of potassium before a successful test for this element was developed. (Fm

IN MEMORIAM

In loving memory of Mary McQuaid, dear wife, mother and grandmother, who passed away 5 years ago, Feb. 27, 1952.
Loving memories never die
As years roll on and days pass by,
In our hearts a memory is kept
Of one we loved and will never forget.

Not dead to us who loved her;
Not lost but gone before.
She lives with us in memory
And will forevermore.
Loving Husband, Son,
Daughter and Family

May wither and decay
But love for you who sleeps beneath
Will never fade away.

At Dubuque

"Snap" courses are not the key to academic honors for today's collegians, the honor roll released this week by the University of Dubuque reveals.

Such courses as economics, physics and Greek, university recognized as "rough ones" on college campuses, are sprinkled liberally in the schedules of the 63 UD students who rated scholastic honors in the first semester. In fact, the curricula selected by the 6 students who achieved the coveted straight-A record would bring an awed whistle from any scholar; one lad, for instance, included calculus, organic chemistry, physics and economics in his 17-hour academic load. Another, a senior, made his all-A record in logic, Greek, political thought, ancient history and world literature — all at the same time!

Among those named to the honor roll is Norma Stenzel, 135 Warren ave., Palatine.

At Knox

Miss Ann Jung of mounted route 2, Palatine is in charge of publicity for the 1957 Knox college women's day, March 2.

IN THE SHADOW OF THE STEEPLE

Something's Missing In Big Church Budget

by REV. WILLIAM O. McGILL

What does it mean to say that we are in the midst of a religious revival in America?

Certainly, with our emphasis on action, growing out of strong Christian traditions, it must be recognized that we are all asking what happens to persons in the recovery of religion.

* * *

A PART of the meaning of the revival must be seen in the way in which we are stewards of what God has given us. Presbyterians are not different from other church groups—except that I find their statistics more readily, which is why I use them.

In 1956, for example, Chicago Presbyterians reached a total of 77,000 communicant members in 150 church in Chicago and the suburbs (Kankakee to Waukegan, Joliet to the Lake).

These 150 churches reported total giving for all Christian causes at something over $6 million.

* * *

THIS IS IMPRESSIVE, although not much different from other groups. The average $86 per communicant member is higher than the denomination as a whole because this is a higher income area than some other parts of the country.

It is true that Presbyterians have a giving average that is higher than many denominations. It sounds impressive, how does it work out in practice?

Slightly less than one-sixth, or about $1.15 per month, went to the work of Christ's Church in all the world.

This includes settlement houses, inner city churches, the cooperative work of the Church Federation — including chaplains at Cook county hospital, Oak Forest infirmary and others, and social workers at Boys court, auto court, the Detention home, and others.

* * *

IT ALSO includes our gifts to homes for children and for the aged, plus schools and hospitals and churches in the southwest, Puerto Rico and Alaska. It includes field and program service by the Board of Christian Education.

And it also includes all of the work of the foreign missionary enterprise in 36 countries of the world — with churches, schools, hospitals and various kinds of special fraternal workers.

The individual Presbyterian, writing one letter a day to the causes served by his $1.15 a month, could not write to them all in much less than 6 months and pay the postage bill out of his benevolent giving.

* * *

AT THE SAME time, according to the usual method of reporting, these same Presbyterians were giving about $2.50 monthly to build new church structures for their own use.

Since a number of churches were not building, those which were doing so were giving at a considerably higher rate than this.

For their own purposes, then, the average Presbyterian was giving almost as much money to his own church each month as his weekly cigarette expense.

BUT THIS WAS only to build something which he did not already have in the way of church building. He was giving about $3.75 each month to support and maintain the program of his local church.

Well, yes, ministers should be paid regularly and adequately and there should increment provisions for length of service.

Churches need the best available educational materials — and they need conveniences in the way of heat and light and insurance protection comparable to the homes which we live in.

But something is out of focus. The big task of the church is the proclamation of the good news. And the big factors in budgets seem to be brick and mortar and housekeeping.

What kind of a steward are you?

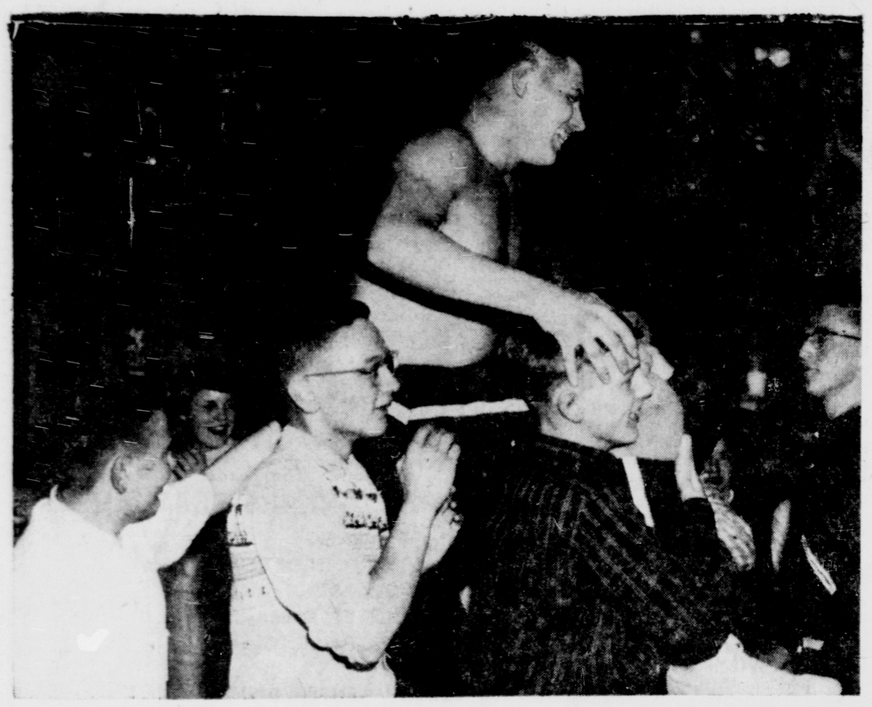
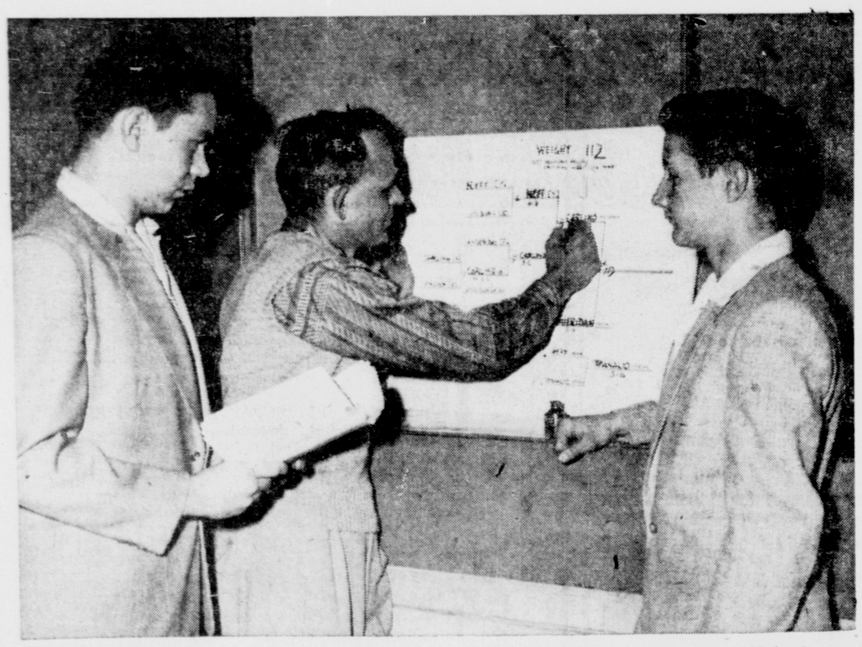
All Grunts But No Groans In High School Wrestling

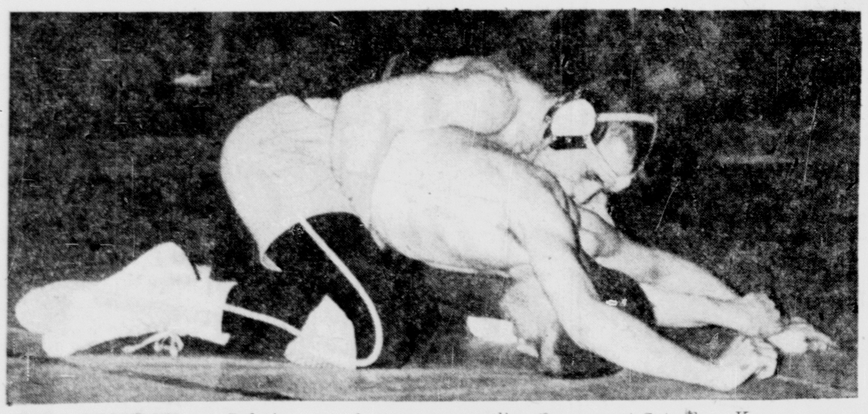


DEAN SCHNECK once again proved he could come through when he had to. Arlington needed a decision at heavyweight to take the sectional wrestling title Saturday night, and that was all Dean needed to know. He disposed of Hugh Wilson of Fenton on a referee's decision and Heights won by 3 points. Hoisting him on their shoulders are varsity manager Warren Phillips, sophomore 138-pounder Bill Fischer and Dick Leckband, 138-pounder eliminated in sectional preliminaries Friday

THE CO-CAPTAINS of Arlington's sectional wrestling champs receive congratulations from Sid Alkire of the IHSA office. Pat Harris and Ralph Carlino were co-leaders of the team that had a so-so record in duals, but copped the sectional title.

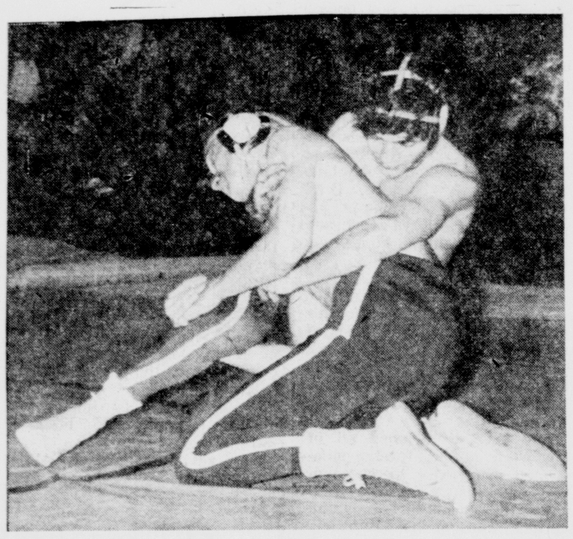


KEEPING TRACK of just who was wrestling whom in the Arlington sectional tournament Friday night and Saturday was a difficult job, though school art instructor Ed Fischer did his best to make things easy. He's shown here, crayon in hand, as sophomore heavyweight Frank Woodruff and sophomore 127-pounder Mike Kauffman look on.

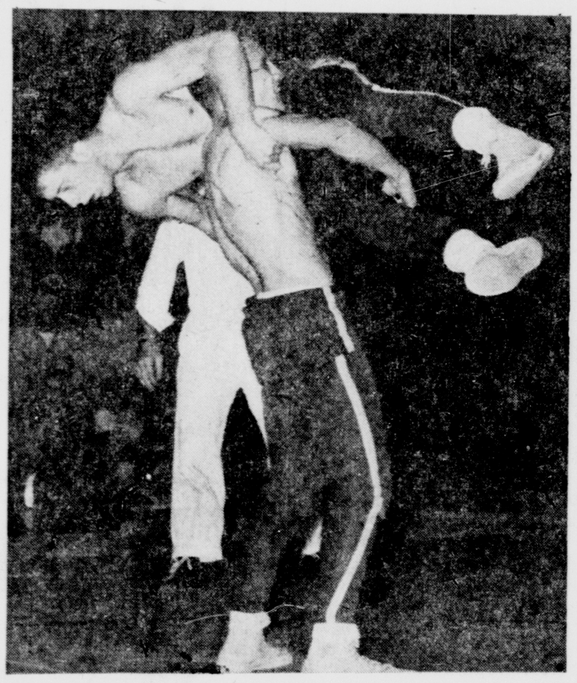


ERIC BESSEMER of Palatine was bottom man at this moment of his bout with Ron Kramer of Elgin in the Arlington sectional wrestling tournament Saturday. Kramer won the title at 120 pounds, but not until after Eric had put on a good performance.

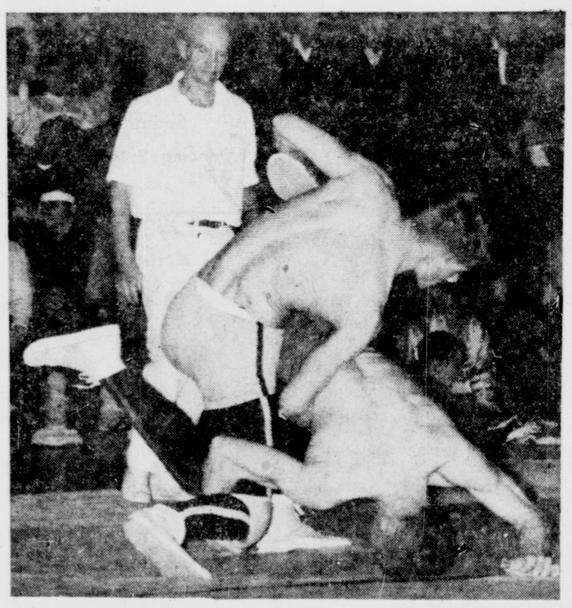
ED SCHUMACHER of Arlington lost to Karl Schwenk of Palatine in the 133-pound finals of the Heights sectional grappling tourney. Ed, without the ear guards, is in the process of reversing Schwenk but it wasn't enough.



JERRY BONN, in front, collects the 2 points necessary to win this bout by switching against Chuck Alessi of York. Alessi had previously whipped Bonn, and was favored to repeat.



PAT HARRIS was the man on the flying trapeze at this instant of the 127-pound bout with Werner of York. Harris later copped the victory, however.

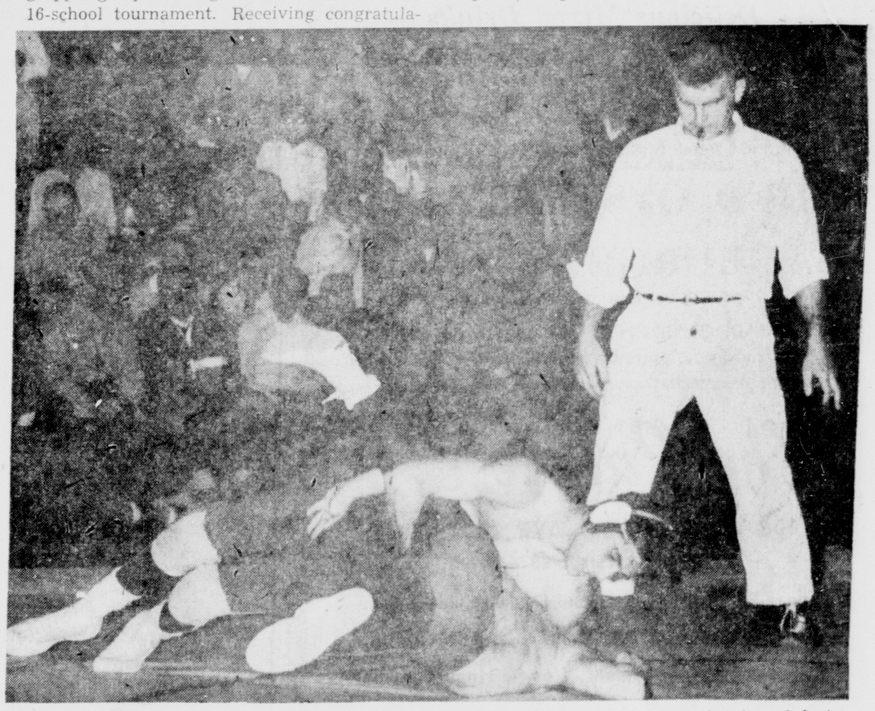


THAT'S DENNIS LUNDGREN of Palatine on top in this moment of 145-pound action in the Arlington sectional tournament Saturday night. Duncan of Wheaton Academy is head down and Lundgren attempts to "break him down." Duncan won, however.

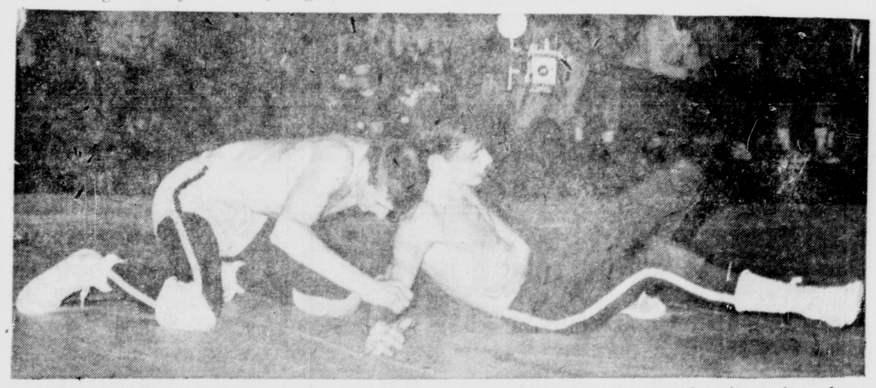
THE WINNER'S HAND goes up at Pat Harris of Arlington downs Werner of York. Jack Robinson of Thornton is the official of the 127-pound bout. Harris is the only senior among the 5 Arlington boys going downstate.

THE GRINNING COACH, varsity mentor Dick Mudge, had an honored ride after his Arlington team had won the Heights sectional tournament Saturday night. Coach Dick Mudge grins warily as he is hoisted up with the help of Greg Rose, non-competing wrestler injured early in the season; Dave Buren, team member who was eliminated from sectional tournament by teammate Denny Zapp before the meet ever started; and Jim Satchel and Ray Horcher, interested students.

TWO HAPPY PEOPLE from Elgin Saturday night were these co-captains of the Maroon grappling squad. Elgin took second in the 16-school tournament. Receiving congratulations from Sid Alkire of the IHSA office are Ron Kramer, 120-pound champ, and Willie Spates, 165-pound titlist.



RALPH CARLINO came out of the switch movement against Sheridan of Wheaton Community at 112 in the Arlington sectional wrestling tourney Saturday night, but later lost the bout. It was 1 of the few defeats registered against the Card junior in 3 years of competition. He'll go downstate for the third time.



BILL SWEET of Palatine whipped Phil Deming of Arlington in this consolation bout at 103 of the sectional wrestling tournament at Arlington Saturday night. That's Sweet at the left. Deming attempted a sit-out here for an escape, but Bill would have no part of it and took third.

GEORGE STEIL took third place at 120 for Arlington in the sectional wrestling tourney last weekend. That's George on top of John Roeschlein of York after losing to Eric Bessemer of Palatine in the semi-finals by 8 seconds riding time. Steil's victory gave Heights needed points in its quest for a sectional title.
